PRICE FIVE CENTS

HAYWARD TELLS COMMISSION HOW HE REFUSED TO TOUCH CARLOW'S LIQUOR CHARGES

Not Interested in That Class of Work, He Told Sinnott, Carlow's Solicitor; Says He Was Asked to Contribute Money Through Purchase of Worthless Stock; Senior Victoria Member Denounces Sale of Political Information and Says He Wants Nothing to Do With Dirty Politics

How he had refused to sponsor Frank Carlow's charges against the Government and did not want to have anything to do with them was told to Mr. Justice Morrison's Royal Commission yesterday afternoon by Reginald Hayward, Senior Member of the Legislature for Victoria.

While these charges were sponsored by other Conservative members of the House, Mr. Hayward testified that he "was not interested in doing that class of business," and that he had no use for people who sold information from one political party to another.

Incidentally, Mr. Hayward flatly denied sworn evidence given to the Commission by P. J. Sinnott, prominent Conservative leader and former Carlow's solicitor. Mr. Sinnott had told the Commission that Mr. Hayward proposed, using the Carlow charges on the screen before the next provincial election. This statement was branded by Mr. Hayward as an utter falsehood.

The Senior Victoria Member's testimony brought out some of the most interesting information elicited by the inquiry. He told how Mr. Sinnott came to him on Carlow's behalf and wanted him to take up Carlow's charges in the House. Mr. Sinnott said that he had offered to advance money to pay Carlow for his charges and that this advance had been made through the purchase of stock in a worthless company. In this way the transaction between Mr. Hayward and Carlow was to be made legitimate, but Mr. Hayward turned down this proposition, he swore.

CALLS IT FALSEHOOD
"It's a falsehood," said Mr. Hayward, when he was asked if it were true that he had suggested to Mr. Sinnott that the Carlow charges be thrown on the screen. No conversation of this kind had ever taken place, he declared.

Mr. Hayward told how Mr. Sinnott came to him and said he had information which would be useful to the Conservatives in the Legislature.

PREMIER TELLS HOW HE ORDERED CARLOW OUT OF BUILDINGS
Amazed at His Foreshore Graft, Mr. Oliver Told Him Never to Come Back Again

Frank Carlow, who charges the Provincial Government with conniving at a crooked liquor deal and an irregular foreshore lease transaction, was branded by Premier Oliver and Attorney-General Manson before Mr. Justice Morrison's Royal Commission yesterday afternoon, as a bold grafter.

The Premier told the Commission how, on learning of Carlow's extortion of \$5,000 from a Vancouver man who wanted a foreshore lease, he had ordered him out of the Parliament Buildings. Indignant at this piece of extraordinary graft, the Premier said he had ordered Carlow never to come back to him again. Since that time, he added, he had never spoken to the man. The Premier denied all knowledge of Carlow's alleged liquor deal with the Government.

Carlow is "both crafty and a crook," the kind of a man who makes politics disgusting to the average citizen, one of the barnacles who cling to political parties, Mr. Manson testified. He swore that the only liquor order given to Carlow had been arranged for without his knowledge; that no order would have been given if he had known about it, and that on learning of the single order he had arranged that no more were to be given to Carlow.

Hon. J. D. MacLean, Minister of Finance, was recalled to the stand at the opening of the afternoon session of the Commission by George H. Cowan, Conservative counsel.

NO INTEREST IN LIQUOR
"I had no interest in the liquor business at any time," said Dr. MacLean, denying that he knew anything of Carlow's liquor operations and orders. He added that he had expressed the view that Carlow was not a fit person to be a Liberal candidate for the Legislature. He had not known until it was mentioned at the inquiry that members of the Government had spoken on Carlow's behalf during the election campaign of 1924.

ROSE ETERNAL WINS ABERDEEN HANDICAP

Hayre de Grace, April 27.—Rose Eternal won the \$10,000 Aberdeen Handicap, a 4-furlong sprint for two-year-olds, here this afternoon. Sport Hallahan was second and Knapsack third. The time was 1:1.5. Two dollar mutuel tickets on Rose Eternal paid \$4.10 to win, \$12.40 place and \$14.10 show.

BUILDING WORKERS WANT A FIVE-DAY WEEK

Contractors Also Are Asked to Give Pay Increases From May 1

Indications Are Both Sides Expect Amicable Arrangement of Conditions

Vancouver, April 27.—Although definite demands for a five-day week and pay increases, effective May 1, are before contractors of Vancouver from the Building Trades Council, with the possibility of a strike thereafter, there is no tension in the situation, both sides anticipating an amicable arrangement.

OFFER FOR ONE YEAR

The contractors have informed the local carpenters' union they will agree to pay the present scale of wages on the present time basis for another year, continuing the agreement reached a year ago. At present carpenters work 4 1/2 days on an eight-hour basis receiving \$7.50 a day.

At a meeting of the Trades and Labor Council meeting last night reports from delegates were to the effect that progress was being made in negotiations with the employers.

B.C. NOW MAGNET FOR INVESTMENT OF U.S. MILLIONS

This Province Lowest Price Area For Capital, Says Seattle Financier

Capitalists down the Pacific Coast and in the United States generally are turning to British Columbia for investment, and this summer many of the biggest investors of the South and East will personally visit this area to supervise the placing of their funds in the purchase of properties for development, according to Mr. Erickson, Seattle capitalist and pioneer Northern mining man, who has arrived here with his wife and his motor car to spend a week holidaying and on business.

With Mr. Erickson is A. B. Erickson, who is secretary of the Rufus Silver-lead Mines on the Bear River up from Stewart, B.C.

Mr. Erickson said that the financial situation in the United States has now developed so that money is cheaper than it has been since before the war and is looking for an outlet for investment.

ONE FIELD LEFT

"British Columbia is fortunate at this time," the development man said, "in that it has big capital to get in on the start." Mr. Erickson said, "Outside investment for development is coming to a focal point just now in British Columbia, which is the one field left on the North American continent where prices are still low. A few years from now, of course, British Columbians will awake to find that the days of low values on properties are gone and many investments which are possible now will be out of their reach then."

Mr. Erickson said that the move of the Consolidated Mining and Smelting Company, a subsidiary of the C.P.R., in going into the Portland Canal camp and buying the George Copper property, has attracted the interest of investors in New York to this Province, and this summer there will be something of a rush on their part to pick up properties for development before higher values are in vogue.

Mr. Erickson said that the Consolidated move had already been felt in the case of his property, the Rufus, as the engineers of a New York banking group will be in Seattle three weeks from to-day to go north to carry out their examination of this property, preparatory to completing the purchase. This mine is on the Upper Bear and adjoins the Consolidated George Copper.

PLANS ARE MADE FOR JUBILEE CELEBRATION

National Confederation Committee in Ottawa Sends Suggestions to Municipalities

Ottawa, April 27.—Ten thousand copies of a pamphlet containing general suggestions for the guidance of committees in charge of local celebrations have been sent to every organized municipality in Canada, to all members of Parliament and members of the Provincial Legislatures by the National Committee for the Confederation Jubilee Celebration.

It is suggested the mayor or reeve of each place should call a public meeting to select a jubilee committee. This committee would have charge of the programme for July 1, 2 and 3 and would appoint sub-committees on various phases of the celebration.

The pamphlet contains suggestions as to decorations, ceremonies and times for the events, with proposals regarding parades, school children, tableaux, veterans, and militia, newcomers, old settlers, Indians and decorations of monuments.

The national committee encourages the main celebration for Friday, July 1, with a sports programme on Saturday and a thanksgiving service on Sunday.

Explosion Killed Four Mine Workers

Wilkesbarre, Pa., April 27.—Four mine workers were killed to-day in a gas explosion in No. 2 shaft of the Brinsdale Colliery of the Glen Allan Coal Company in Hanover Township, near Nanticoke.

COURT REFUSES NEW TRIAL FOR INDIAN SLAYER

Declines in Majority Judgment to Interfere With Hanging

Duncan Chinese Granted New Trial in Narcotic Case

In a majority judgment handed down this afternoon the B. C. Court of Appeal declined to interfere with the action taken in the trial of Joseph Sankey, full-blooded Indian of the Tsimshian tribe, who was convicted of the murder of Miss Loretta Chisholm, a Port Essington school teacher, and sentenced to hang by Mr. Justice D. A. McDonald on May 25.

The murder took place in northern territory on November 24 last. Counsel for Sankey, announced he would petition the Department of Justice for a new trial. In announcing the majority judgment of the court, the appeal by Sankey for a new trial was refused. Chief Justice Macdonald stated he would give written reasons for judgment later. Mr. Justice Martin, and Mr. Justice McPhillips dissented, and would have allowed the appeal.

INDIANS PROVIDE FUNDS

J. E. Bird, who acted as counsel for Sankey on the appeal, announced that he would petition the Federal authorities for a new trial, on the ground of a dissenting view in the Court of Appeal. Funds for the defence of the Indian had been supplied by the Federal Department of Indian Affairs, said Mr. Bird, supported by B.C. Indian tribes, who wished to prove that no Indian had a hand in the horrible circumstances of the case.

Twenty-one years of age, Miss Chisholm was last seen alive walking down towards a river in the Port Essington district. Sankey, it was alleged by the prosecution, was seen going in the same direction later. The strangled body of Miss Chisholm was found later in the woods. Sankey was arrested and tried, the trial resulting in a conviction. From this conviction and the consequent death penalty he appealed, and a last effort to secure a review of the case his counsel will petition the Department of Justice at Ottawa.

DUNCAN, NARCOTIC CASE

The only other judgment handed down by the Court of Appeal to-day was that in Rex vs. Wah Sing Chow of Duncan, an appeal by the defendant from a conviction under section 16 of the Opium and Narcotic Drug Act, and sentence by Judge McIntosh in the County Court of Nanaimo.

(Concluded on page 5)

Mayers, Ex-Naval Officer, Now Faces Trial in London

London, April 27.—A grand jury here to-day returned a true bill against Lieut.-Commander Colin Mayers, a retired British naval officer, who was arrested last month for alleged illegal possession of submarine planes.

Commander Mayers will be tried on a charge of having obtained "certain plans, sketches, documents and information calculated to be useful to an enemy."

Prospectors Rush And Stake Claims Near Republic, Wash.

Republic, Wash., April 27.—Reports of a rich gold strike two miles west of here caused a rush of 600 persons to the vicinity yesterday and nearly 100 staked out claims.

The rush started after Joe Wiseman and Jake Rounds, prospectors, had reported they had found gold Monday night, while prospecting along a wrill of gold rock. After examining ore brought in by the prospectors, E. M. Taidy, an official of the Department of the Interior, declared it would run \$1 to a pound of ore. Mr. Taidy declared the ore was the richest he had ever seen.

Several mines are operating in this district, nearly 1,000 tons of ore, all containing some gold, being shipped out each week.

SEMI-SUBMERSIBLE BOAT IS BUILT TO CROSS ATLANTIC

Rome, April 27.—An attempt to cross from Europe to the United States in fifty hours by means of a specially constructed semi-submersible boat is to be made late this year by Ettore Bugatti, owner of an automobile factory in Alsace, France. Bugatti, who is of Italian origin, declared after being received by Premier Mussolini yesterday that the plans for his invention were virtually complete.

The craft, about eighty-two feet long, with a beam of ten feet, will be enclosed like a submarine, but will travel only half submerged. The boat is expected to develop 24,000 horsepower and carry eight persons.

NOW IS DISCUSSED AS POSSIBLE HEAD OF ONTARIO CABINET

HON. CHARLES MCCREA

Toronto, April 27.—In a news page story this morning The Toronto Globe said:

"Hon. Charles McCrea, Minister of Mines of Ontario, is likely, it is understood, to step into Premier Ferguson's shoes should the latter make the jump from the provincial to the Federal field this year. Of late considerable manipulation within the Conservative Party field, all aiming at the selection of Mr. McCrea as Premier in the event of Mr. Ferguson's departure from the Ontario arena, is reported to have been made. In fact, the party is said to be pretty much agreed upon any future course of action."

GRAIN INTERESTS CONFER WITH CITY

A conference between the Pan-American Pacific Grain Terminals Limited and members of the City Council took place in Mayor J. C. Pendray's office at 11 a.m. to-day. The discussion, which was of a private nature, centred around the legal forms in which contracts would be proposed as between the prairie grain growers forming to use the elevator, the contractors, and the city. At the close of the conference Mayor Pendray announced that there was nothing fresh to be told, but that negotiations were proceeding, with legal advice sought on the technical phases of the proposals by which the construction of a million bushel elevator at Ogden Point docks is suggested.

U.S. IS URGED TO RELAX BORDER RULE

Torontonians Tells Buffalo Kiwanians Canada Objects to Bars to Workers Crossing

Buffalo, N.Y., April 27.—Members of the Buffalo Kiwanis Club attending a United States-Canada luncheon for-also in 1911 Beveridge twice sought to return. In 1914 he was defeated as a Progressive and in 1922 he won the Republican nomination over Harry A. New, but lost the election to Samuel M. Ralston, Democratic standard-bearer.

In 1912 Beveridge was defeated as the Progressive candidate for Governor of Indiana.

(Concluded on page 5)

ONE CHINESE JAILED FOR TWO YEARS AND ANOTHER FOR SIX MONTHS

Vancouver, April 27.—One Chinese was sentenced to serve two years in the penitentiary at New Westminster, and a second Oriental was sent to Okalla prison when they faced Magistrate H. C. Shaw in police court here to-day, charged with possession of morphine.

Lee Hong, arrested in Chinatown, was sentenced to two years and a fine of \$200 and \$50, costs or three months more. The second Chinese was Wong Tak Sam, a member of the crew of the liner Empress of Canada, who was arrested by customs officials when he endeavored to disembark with five packages of morphine concealed in false heels of his shoes. He was sentenced to six months at Okalla and a fine of \$500 and \$50, costs or to serve three months more.

HOLLYWOOD MOVIE ACTOR WAS KILLED

Four Held After Shooting of Tom Kerrick in His Own Home

Hollywood, Cal., April 27.—Four film extras were held for questioning by the police to-day in connection with the shooting death of Tom Kerrick, thirty-two, screen player of Western roles. He died after being hit by two bullets fired during a light meal at 2 a.m. in the breakfast room of his home, attended by his wife and four film extras who had been the Kerricks' guests at an all-night party.

I. Burns, who fled the house after the shooting, was found by police and taken into custody. His pocket-book and bank book were said by the officers to have been found in the dead man's pocket.

The others held are Mrs. Sarah Kerrick, the widow; Mrs. Anita Isibel and Joe Hunt.

Isabel's husband, Henry, who also fled the house and whom the police believe was shot, is being hunted.

Mrs. Isibel sobbingly declared to the police she shot Kerrick, but they were not convinced she was telling the whole truth.

PANAMA SHIPS RELEASE INHABITANTS MOVE OUT OF BIG AREA TO BE FLOODED TO SAVE THE CITY OF NEW ORLEANS

Washington Government Requested to Free Vessel Seized as Rum Runner

Capture of Ship Off California Declared Violation of Existing Treaties

Washington, April 27.—Immediate release of the steamer Federalship, seized 270 miles off the coast of California as a rum-runner by United States coastguards was asked by the Panama Government to-day in a note presented by Minister Alfaro to the State Department here.

The note also protested the seizure of the ship as being contrary to existing treaties, and as having been made beyond the jurisdiction of the United States.

REPORT MADE

Instructions to Minister Alfaro to present the note followed transmission last Saturday to Panama of a State Department report on the circumstances of the seizure.

According to legation officials, this report admitted the seizure had been made beyond United States jurisdiction. The report also indicated, legation officials said, that the State Department believed that in view of the San Francisco court's decision holding the seizure illegal, the ship and its cargo would have to be released.

ATTACK ON HANKOW

All available forces are being gathered at the Hankow, a British newspaper, says it has learned from official sources that 80,000 Northern Chinese troops have been concentrated at Wuhu, sixty-five miles up the Yangtze River from Nanking, and that large numbers are bound down the river. It has not been determined whether they are planning to attack the forces led by General Chiang Kai-shek, Moderate Cantonese commander, or to surrender to him.

LOOTING AT HANKOW

While on the surface Hankow is quiet, there is much tension and rumors persist that the British are planning to retake the concession. A great deal of looting is reported. It is stated that at Hankow, as well as at Nanking, field pieces are being moved to selected positions outside the native city.

Vast crowds in Hankow are listening to street corner speeches by Radical leaders. Although the authorities reiterate there is no desire to attack foreigners, there is fear nevertheless, that the coolies, satirized in the cartoon above, are plotting to attack foreigners.

BRITISH DISCUSS FRANCHISE BILL

London Daily Mail Opposes Giving of Votes to Women at Twenty-one

London, April 27 (Canadian Press Cable).—Although the general body of Conservative opinion has become more or less reconciled to passage of the bill giving women the vote at the age of twenty-one years, holding that even if they don't like it they can not help it being passed, The London Daily Mail persists in its "flapper vote folly" campaign. It is now attempting to make the flesh of the private members creep by telling them safe seats will be imperilled because the flappers will surely vote "Red."

"For instance," The Mail says, "it would hardly be believed that in the Lewes division of Sussex, practically the whole of the village's working population has gone 'Red'."

The Mail also declares Brighton and Hove is in danger. While political observers concede The Mail may be right about the Bolshevik tendencies of Lewes, as regards Brighton and Hove, any Conservative organizer would declare the people would vote for a bromstick there if it was called a Tory.

Under the present law only women thirty years of age and over have the vote.

Men of twenty-one years and up vote.

BRITISH FOOTBALL

London, April 27.—Football games to-day resulted as follows:

ENGLISH LEAGUE—FIRST DIVISION

Birmingham 1, Cardiff 2.

SECOND DIVISION

Reading 3, Preston 6.

THIRD DIVISION

Northern Section

New Brighton 7, Nelson 2.

Wrexham 1, Lincoln 1.

English Football Cup Game Brought In Sum of £90,206

London, April 27 (Canadian Press Cable).—The English Football Association announced to-day that the paid admissions to the cup tie on Saturday last at Wembley Stadium between Arsenal and Cardiff City, when the latter team won 1 to 0, amounted to £90,206.

INHABITANTS MOVE OUT OF BIG AREA TO BE FLOODED TO SAVE THE CITY OF NEW ORLEANS

With Crest of Flood Sweeping Down Mississippi River, Gap Is to Be Made in Levees Near New Orleans and Water Will Flow Over 70,000 Acres; Truck Farmers and Trappers Lose Their Homes

New Orleans, April 27.—To protect New Orleans from the mighty flood rolling down the Mississippi, a long break in the levee south of this city has been ordered for Friday noon. The Louisiana National Guard has been mobilized for any emergency and soldiers now stand guard over long stretches of the levee. Many trappers and other residents of the two parishes to be flooded—St. Bernard and Palme Mines—maintain their armed watch where the break is to be made, demanding guarantees against losses before quitting their posts.

PAYMENTS PLEDGED

Assurance that property owners of the Poldra area would be reimbursed for damages came from fifty leading financiers and business men of New Orleans, who joined Governor O. H. Simpson, Mayor Arthur O'Keefe and G. L. Deane, president of the New Orleans Levee Board, in signing a resolution to be put before the legislature.

Meanwhile, officers of the two parishes were warning inhabitants to flee after the issuance of a proclamation by Governor Simpson, setting noon Friday, as the time for the break in the levee.

INHABITANTS DEPART

It was stated approximately 4,000 persons must be moved out of the district. Hundreds of persons formed the seemingly endless caravan, which trekked out of the doomed area. Battered automobiles, trucks, wagons and even push carts trundled through the gravel toward New Orleans, where they will be cared for until the waters recede from their homes. All movable belongings were included in the miscellaneous bundles which freighted the vehicles.

This waters from the Poldra break will inundate about 70,000 acres, it is estimated by engineers. No towns of any size are likely to be touched by the waters.

Truck farmers and trappers are the main inhabitants of the doomed area. These will be able to depend on any income from their regular sources during the year. The lands of the truck farmers are likely to be under water several months, and it will take several years to replace the number of muskrats drowned by the high water.

TWO DROWNED

New Orleans, April 27.—Two members of the crew of the tugboat Independence were missing to-day after the tug had sunk in the Mississippi. Five of the crew were saved.

(Concluded on page 5)

RECORD ATTENDANCE AT PRODUCTS FAIR

Another Feature Programme Stated For To-night For Exhibition Patrons

To-day is Citizens' Day at the Home Products Exhibition. Since the doors opened on Monday a record crowd of citizens have passed through to view the outstanding exhibits of the fifth annual exhibition of its kind at the Armories.

Another big programme of entertainment is on to-day. Boxing, wrestling, athletic stunts and community singing to-night by a trained troupe from the Y.M.C.A. The Y.M.C.A. feature programme opens at 8:15 o'clock. This afternoon an orchestra with a special citizens' day programme of latest musical hits will be on hand to entertain patrons of the exhibition.

INTEREST IN HOMESITE

Keen interest is being taken in the choice homesite offered by the city for the successful nominee of the fair committee. The committee will select the winner on Saturday, after a drawing at 9 p.m. With the Wednesday half-holiday releasing large numbers of people who want to take the opportunity of seeing the exhibition, to-day will be one of record attendance. It is anticipated.

Bright and moving in every particular, the exhibits this year are proving a revelation to all who have witnessed the unique displays of what is being made and sold in Victoria. In an educational way, the Federal and Provincial Governments and the City of Victoria have excellent exhibits, as well as many by public and private institutions.

All the week the King's Daughters will serve refreshments at the Armories, the convenience being one that is being greatly appreciated by those who find that it takes a considerable time to see the exhibition and its interesting trade displays.

Showing what they think of the exhibition this year the Junior section of the Chamber of Commerce are to attend in a body on Thursday night. Upwards of 100 members of the Junior Chamber will meet at the Governor's residence.

UNIVERSITY PLAYERS AT ROYAL IN MAY

To Present Light Pleasing Story "The Romantic Young Lady"

The Players' Club of the University of British Columbia will present this year a play by Martinez Sierra, called "The Romantic Young Lady," which is coming to the Royal, Friday, May 6, under the auspices of the Kiwanis Club. The play, by this foremost Spanish dramatist, is a light and pleasing story of youth. The plot involves a young Spanish girl, who an old-fashioned sentimentalist at heart, feels the modern urge to be free and envies the infettered existence of her three brothers. The romantic young lady, played by Miss Dorothy Pound, becomes attached to the books of a sentimental author, and through a series of delightful scenes, she meets the author, Mr. T. "Bush" Gibbs (a former Victoria boy), and falls in love with him. The latter, however, turns out to be a sane and practical man of the world, with a whimsical sense of humor and the poor girl, so roughly and suddenly disillusioned, has difficulty in reconciling him with her ideas. A wise old grandmother, Miss Alice White, adds touches of real humor to the scenes as she deftly sizes up the situation and helps to propel it on to a final climax and thoroughly satisfactory ending. The play gives excellent opportunity for the actors, and the characters have been well chosen. Others in the cast are Misses Honor Kidd, Madge Rankin and Milly Altham; Messrs. W. Buckingham, E. T. Nash, D. Brock, W. Masterson and N. Clarke.

The entire proceeds of the play are to be devoted to Kiwanis boys' work.

Missionary Pageant.—The children's missionary pageant, "Britain's Call," will be performed by St. Matthias Church Junior W.A. on Saturday afternoon, April 30, at 2:30 at the Margaret Jenkins School, Poul Bay.

DOCUMENTS ON PRICES

As the commission opened this morning J. W. de B. Farria, Government counsel, filed copies of documents from the Attorney-General's office relating to liquor prices.

L. U. Conyers, treasurer of the Victoria Liberal Association, was the first witness. He filed a statement covering disbursements under his authority in 1923 and 1924.

George H. Cowan, K.C., Conservative counsel, demanded the right to see Mr. Conyers' books, not extracts from them. Mr. Conyers produced a memorandum book, but Mr. Farria objected to the use of the book publicly, as it contained records of campaign fund contributions which were none of Mr. Cowan's business. Mr. Farria had no objection to the use of items in the memorandum book relating to the Carlow charges.

After some discussion the commission allowed Carlow to question Mr. Conyers. He asked Mr. Conyers when he paid the expenses of the Liberal ball of February, 1922. Witness said he was not sure, but added that Carlow had handed him receipts for expenses which Carlow had paid. Mr. Conyers produced the receipts covering the expenses of the second ball, but he could not find those of the first ball.

Carlow then turned to his organization activities to answer evidence given against him.

"The details in toto are false in every instance," he swore, referring to various witnesses' statements, repudiating his alleged liquor deal. He reiterated that he had financed his political work for six months on commissions received for the sale of House of Lords whiskey to the Government. After this and remained Liberal organizer for two years subsequently.

"I called on Dr. MacLean at least fifty or seventy-five times in those two years," said Carlow. "He must know it. It would be impossible for me to carry on my work without seeing Members of the Government."

Catholic Women's League—The Victoria Sub-division of the Catholic Women's League will hold a card party and dance in the K. of C. Hall, Government Street, on the evening of May 19, in aid of the funds of St. Vincent de Paul Society.

first ball. It was possible Carlow had given him some money to pay part of the expenses of the first ball, and that this had not gone through his books. Witness said he did not know how much had been expended on the ball.

At Carlow's request Mr. Conyers read from his memorandum-book items covering payments to printing firms for printing in 1923. Various sums handed by Carlow to Mr. Conyers were noted in this book. Mr. Conyers was not sure whether Carlow had made other contributions besides those noted. He was willing to accept Carlow's statement that he had financed a Liberal picnic here, but did not recollect the circumstances.

Mr. Conyers said he had no objection to Carlow seeing his memorandum-book. Carlow thereupon examined the book. Mr. Conyers did not remember how often Carlow had given him money to pay for the rent of Liberal headquarters. He said, however, that Carlow had helped in this way.

CARLOW TELLS OF INCOME

Carlow was then recalled to the box to make a statement. He wished to show that before becoming Liberal organizer here he had made from \$350 to \$500 a month in his own business. He produced checks from his firm to him for the year 1921 and 1922. In addition to some \$30 a month for automobile operation, these checks covered salary paid to him during the same period. These checks were produced to prove that Carlow's income was as he stated and that the firm had not lost \$2,000 in a year, as stated by a previous witness. Altogether in a year or less he had taken about \$5,000 out of the firm, the checks and firm ledger showed.

Carlow then turned to his organization activities to answer evidence given against him.

"The details in toto are false in every instance," he swore, referring to various witnesses' statements, repudiating his alleged liquor deal. He reiterated that he had financed his political work for six months on commissions received for the sale of House of Lords whiskey to the Government. After this and remained Liberal organizer for two years subsequently.

"I called on Dr. MacLean at least fifty or seventy-five times in those two years," said Carlow. "He must know it. It would be impossible for me to carry on my work without seeing Members of the Government."

Catholic Women's League—The Victoria Sub-division of the Catholic Women's League will hold a card party and dance in the K. of C. Hall, Government Street, on the evening of May 19, in aid of the funds of St. Vincent de Paul Society.

NOVEL MENU FOR EXCURSION DINNER

Roche Harbor People Busy With Preparations For Saturday

"Governor Douglas cocktail—Washington style" will be the appropriate opening appetizer on the international menu of the dinner which is to be served at Roche Harbor on Saturday evening of this week to those excursionists from Victoria who desire it.

The excursion is being arranged by the University Women's Club in co-operation with the B.C. Historical Society, and the Princess Royal has been chartered for the trip.

The excursion is being arranged in celebration of the arrival of Capt. George Vancouver in these waters. As there is no public hotel at Roche Harbor, the Roche Harbor Lime and Cement Company will serve the dinner at 5:15. Last Summer the company built a large open air pavilion to seat 150, with a great fireplace at one end for barbecues, and roofed over with canvas. They are throwing it open for that day.

The return to Victoria will be timed so that passengers can see the two huge bonfires at Beacon Hill and on the American side, at their best.

FACE VEILS

The new French toques that end abruptly without brims seem to call for short veils and herald a return of this long-banned accessory.

HERE'S COAL THAT'S PRETTY HARD TO BEAT

YOU'LL SAY IT'S WORTH ITS WEIGHT IN HEAT

Our coal is worth its weight in heat, but you won't have to wait for the heat. We DO deliver when we promise and, if you can, call us to-day and tell us when to deliver that ton or more you need—you can feel sure that we'll be there. "ON TIME."

CROWDS EAGER FOR AMUNDSEN TICKETS

Box Offices Opened This Morning; Sit in Victoria and See the North Pole

Victorians will be able to sit in comfort at the Royal Victoria Theatre on Friday and gaze at the North Pole, the axis which has attracted explorers for centuries. And while the audience watches the thrilling motion pictures of this little seen section of the world thrown on the screen they will hear from the lips of Capt. Roald Amundsen the real story of the flight by dirigible over the pole.

Capt. Amundsen will appear in the afternoon at 2:30 o'clock and show his pictures and speak to the school children and teachers. Hon. J. D. MacLean, Minister of Education, will introduce Capt. Amundsen.

The visit of the great explorer has aroused unusual interest and when the box office at the Royal Victoria Theatre opened this morning there was a long line-up. There is little doubt but that Capt. Amundsen will be greeted by capacity houses on both his appearances here.

Find the sought-for buyer through a want ad—just as a matter of economy.

Decrease in Duty On Road Makers' Machinery Asked

Ottawa, April 27.—Reduction of the duty on road grading machinery as a means of developing the roads of Western Canada was urged upon the Tariff Advisory Board here yesterday.

The request was presented in the form of an application by Albert Olson of Regina, supported by R. J. Deachman of the Consumers' League of Canada, and A. E. Darby of the Canadian Council of Agriculture, T. B. Christie of the Sawyer-Massey Company, Hamilton, J. Ladd and J. B. Warwick of the Groverman Company, Hamilton, and Charles Donagan of the Dominion Road Mach-

inery Company Limited of Goderich, Ontario, opposed the request. Mr. Deachman declared the granting of the application would "facilitate the development of our country and increase the development of Canada's national wealth. Cheaper road grading machinery, through the reduction of the tariff, was essential to the Western provinces, he said."

At the suggestion of W. H. Moore, chairman of the board, the hearing was adjourned to a date to be named in order to permit the applicants to furnish more definite information as to the kinds of machinery on which a decrease in duty was desired.

J. R. NUGENT DIED

Trenton, N.J., April 27.—J. R. Nugent, of Newark, former Democratic political leader, who helped make Woodrow Wilson governor of this state and broke with him later, died last night.

C.N.R. REDUCE FOREST FIRE LOSS

Persistent Campaign in Canada in 1926 Brought About Decrease in Damage

Winnipeg, April 27.—A persistent campaign against forest fires throughout the Dominion of Canada brought about a reduction in fire damage along the lines of the Canadian National Railway during 1926, according to W. H. Kilby, chief of forest protection on the National system.

During 1926, total fire damage over the 21,000 miles of the Canadian National Railways in Canada amounted to \$13,592, or about sixty-four cents average loss per mile of track. The average burned over is shown as 6,041 acres and 420 fires were attributed to railway causes.

"This makes the total value of property destroyed by fires along the lines of the Canadian National system during 1926, about equal to that of a medium-sized house in one of the cities," Mr. Kilby stated, and the reduction in losses has been brought about by constant care and supervision.

EVERY WEEK The week of April 24 to 30 included has been set aside as "Save the Forest Week" in Canada, but in order to reduce fire dangers along our lines we have made every week "Save the Forest Week" on the Canadian National system.

"Our forest protection programme," Mr. Kilby continued, "is of equal importance to us as any other part of the railway policy, for the forests not only contribute a large share of our total freight revenue, but a large part of railway expenditures must also go for forest products."

"During 1926, it is estimated, the Canadian National Railways bill for products of the forest amounted to more than ten and three-quarter million dollars, and the cost of ties, poles, timbers and other products necessary for railway construction, bridge building, etc., is constantly increasing as the forest growth diminishes. So far as the forest contribution to the freight revenue is concerned, it is estimated that the forest furnish about twenty per cent of the total tonnage handled by the railway company. More than 12,750,000 tons of woods and wood products were handled by the Canadian National Railways during 1926 and to handle these in one shipment, in ordinary trains, would require some 4,500 locomotives, nearly 2,500 miles of track and 35,000 trainmen."

"With this in mind, it is obvious that saving the forest during every week of the year is vital to the Canadian National system even if it is considered only from a selfish financial point of view."

Thirteen Cars of Delegates Will Tour Dominion

Ottawa, April 27.—With the cooperation of the Hon. W. R. Motherwell, Minister of Agriculture, and the two great railways, P. C. Elford, director of the World's Poultry Congress, to be held in Ottawa from July 27 to August 4 has been able to carry to fruition a plan, as a result of which a train of thirteen cars will leave Ottawa on August 4 laden with a selected number of delegates to the Congress who will be shown the wonderful extent and potentialities of the Dominion from coast to coast. The "Seeing-Canada" train will first make its way via Canadian Pacific Railway lines to the Maritimes, stopping first at St. Anne de Bellevue, where a visit will be paid to Macdonald College. From there a jump will be made to Fredericton, N.B., thence to St. John, N.B., and then to Halifax, N.S. A visit will also be paid to Charlottetown, P.E.I. On the way westward, stops will be made at Quebec City, Montreal, Toronto and Guelph. Then over the lines of the Canadian National Railways the jump will be made to Winnipeg, and stops will be made at Saskatoon, Brandon, Jasper, Park and Vancouver and Victoria. Striking eastward again the train will call at Lake Louise and Banff, and Calgary, Regina, Brandon, and Niagara Falls. After a day there will go to Toronto where the delegates will be turned over to the officials of the Canadian National Exhibition, thence to the west coast. The trip is to last 25 to 27 days.

Pinedo to Resume Flight Next Week

New York, April 27.—Commander Francesco de Pinedo, noted Italian aviator, whose flight over four continents was interrupted three weeks ago when a carelessly tossed match caused destruction of his plane at Roosevelt Lake, Arizona, plans to resume his flight next week. A sister plane to the wrecked Santa Maria is expected to arrive here Saturday from Italy on the steamship Duilio. The plane will be assembled within three days, he says, after which flights will be made to Washington, Chicago and Boston before he proceeds north to Newfoundland to start his return across the Atlantic. Stops will be made at the Azores and Lisbon on the route back to Rome.

U.S. NAVY LIEUTENANT COMMITTED SUICIDE

Washington, April 27.—The death of Lieutenant Clayborne J. Walker aboard the destroyer McCormick at Shanghai was reported to the Navy Department yesterday by Admiral Williams, who attributed the cause to gunshot wounds, self-inflicted. Lieut. Walker was born in Oregon in 1894. He was appointed to the Naval Academy from Washington in 1913, and was commissioned an ensign in 1917. Naval records give his home address as Dixie, Wash., with relatives residing in Walla Walla.

NEW ROTARY HEAD NAMED

Tacoma, Wash., April 27.—Henry Mann, Seattle business man, has been nominated governor of the first district Rotary International embracing fifty-seven Rotary clubs in Oregon, Washington, British Columbia, Alaska, and the concluding business session of the fourteenth annual conference here yesterday afternoon. Seattle was chosen as the 1928 convention city.

Telegraph Briefs

New York, April 27.—Marcus Barone, Orange, N.J., hiker, who has made one fifteen-year hike around the globe, stood today to begin his start another this week, accompanied by a shepherd dog. He plans to spend ten years on this trip. Man carries packs on his back and sleep in the open. The dog wears shoes. They will go first to Canada and thence to Alaska.

New York, April 27.—Active bidding for red fox and wolf, especially the latter, marked the second day of the annual Spring sale of raw furs of the New York Auction Company yesterday. Top for red fox was \$37, and it was brought by prime pelts from Northwestern Canada. Wolf from Northwestern Canada also sold well, bringing a top of \$24. Skins from that section, as well as Western wolf advanced ten per cent. Timber wolves were unchanged with \$18.50 paid for best Arctic skin.

Toronto, April 27.—After a three-hour rampage in the west end of the city yesterday, during which many pedestrians were given thrills and running exercises, a steer which had escaped from an abattoir yard, was finally cornered and shot. The animal did no damage to property, but one man suffered a number of bruises when he attempted to rope the beast.

New York, April 27.—A nine-year-old globe-trotter has returned home here with a wealth of experience and \$13.66 more than he set out with. With 27 cents in his pocket, Morris Halegus took passage on a southbound liner without the formality of purchasing a ticket. Last the captain discovered him. Under the patronage of the passengers, who contributed for his pocket money, and the captain, the boy saw the sights of Havana before being put aboard a northbound ship.

Toronto, April 27.—Major C. S. Norworthy, D.S.O., M.P., was elected to the presidency of the Canadian Club of Toronto yesterday on the recommendation of the nominating committee.

Ottawa, April 27.—The Ottawa Journal this morning carried the following news item: "It is understood Edgar R. E. Chevier, M.P. for Ottawa, may receive the appointment of Commissioner of Patents, to take the place of George P. O'Halloran, who retired as Commissioner of Patents April 1. Should Mr. Chevier receive the appointment it would necessitate his resignation as member of Parliament for Ottawa and the status of a private citizen."

London, April 27.—The House of Commons last night ratified a number of budget resolutions, including provisions for a 3 1/2 per cent duty on automobile tires and the preservation of the existing duty on sensitized films.

Fredericton, N.B., April 27.—The water in the St. John river here fell fifteen inches from Monday noon till Tuesday noon after having attained a height of over sixteen feet above dead low. Summer level. This was one of the most remarkable drops below the crest of a freshet height in a similar period in years. To-day the water was steadily receding.

Chicago, April 27.—Detective Sgt. Joseph A. Rehling of Chicago placed a cigar in his mouth, lit it, and then downward. The cigar lay crushed under a 100-pound fragment of cornice, but the holder remained clenched in his teeth. The cornice had fallen four stories landing at his feet.

Cushing, Okla., April 27.—Holding a dozen bank officials and twenty customers at bay, four unmasked bandits late yesterday robbed the First National Bank here of between \$8,000 and \$10,000. A fifth was waiting outside in an automobile in which all escaped.

New York, April 27.—Girls may dance with boys now at the Eastern District High School in Brooklyn. A rule established twenty-seven years ago that girls must dance with girls and boys with boys has just been lifted.

Boise, Idaho, April 27.—Preparations for the entertainment of 600 delegates who will attend the annual meeting of the Pacific Northwest Medical Association here June 27, 28 and 29 are being completed. The Boise convention committee. Automobile trips to scenic spots will be features of the convention. Physicians and surgeons from Wyoming, Utah, Montana, Idaho, Washington, Oregon and Western Canada, will attend.

Washington, April 27.—Formal assurances from Eugene Chen, Chinese Nationalist Foreign Minister at Hankow, that his Government has no policy of destroying foreign trade in China were transmitted to the State Department yesterday by P. Lockhart, who with a group of business men in Hankow had conferred with Chen.

Tokyo, April 27.—Withdrawal of the cruiser Abukuma and seven destroyers from Shanghai in the near future owing to the quieting of the situation there was announced today by the Japanese Navy Office.

Geneva, April 27.—Japan's delegation to the three-power naval conference, it is announced, will number fifty persons. Present indications are that the conference will be one of the most successful in the history of the world. Great Britain may favor abolition of big sea-going submarines. This has caused considerable comment as the experts deem it likely the United States would insist upon the maintenance of this type for communication with outlying possessions. It also is reported that Japan will not be satisfied with the 5-5-3 ratio in its application to cruisers and destroyers.

London, April 27.—The Association of British Chambers of Commerce has received a cable from the manufacturers, Toronto, stating the Canadian association's desire to support the proposed abolition of the Department of Overseas Trade. "The department and its trade commissioners are doing invaluable work," the cable says.

WOMEN WIN VOTE IN 36 COUNTRIES

New York, April 27.—Since women on this continent gained the vote, no battle in the long war of woman suffrage has been so important as that just won by British women with Premier Baldwin's announcement that the Government will introduce a bill at the next session of Parliament to give women the vote at 21, thus equalizing their franchise with that of men. When this bill passes 5,000,000 women in Great Britain will be added to the voting list, giving them a majority of 2,000,000 over the men.

Women now vote in thirty-six of some sixty civilized nations, although the organized movement for woman suffrage began in the United States seventy-nine years ago. Fourteen of these thirty-six countries are under the British flag. In the majority of the thirty-six women are fully enfranchised, although in some cases their suffrage is limited.

Women have full political equality in the German Republic. More than a thousand German women are serving on municipal committees, and there are about thirty women members of the Reichstag.

Women have equal voting rights with men in Soviet Russia.

DUTCH WOMEN ENFRANCHISED

Holland passed a law enfranchising its women in 1919, and three years later they were made eligible for elected bodies.

Belgian women enjoy municipal suffrage.

Women in the Scandinavian countries were among the earliest to be given suffrage. Little Finland gave women the vote in 1906. Norway followed in 1913. Denmark and Iceland enfranchised their women in 1915. Sweden gave women the vote in 1918.

The Latin countries, on the other hand, have been more backward in giving women the vote. As recently as 1924 a woman suffrage bill was defeated in France. Thanks to a promise made to Mrs. Carrie Chapman Catt, Italian women are permitted to vote and serve on communal bodies at the age of twenty-five. Women who are the heads of families may vote in municipal elections in Spain.

AUSTRALIA AND NEW ZEALAND

Women have voted in Australia since 1902, and in New Zealand since 1893.

Canadian women have the federal franchise, and all the provinces except Quebec have municipal and provincial franchises.

Women in the Irish Free State vote on equal terms with men.

Women in Greece get the municipal vote this year.

Austrian women enjoy full suffrage, but that of Hungarian women is limited.

The only lands in Asia in which women have the vote are India and Burma.

There is no woman suffrage in South America, but women have a limited municipal suffrage in the four small Mexican states of Tabasco, Yucatan, Guanajuato and Vera Cruz.

And, according to the census of 1920, 28,944 women are eligible to vote in the United States.

SUMMARY FOR WORLD

The Woman Citizen summarizes woman suffrage in the world as follows:

Country	Suffrage
British South Africa	Municipal
Kenya (formerly British East Africa)	Full
Rhodesia	Full
Australia	Full
Belgium	Municipal
Canada	Full
Channel Islands	Full at 30
Czechoslovakia	Full
Denmark	Full
Estonia	Full
Finland	Full
Germany	Full
England, North Ireland, Scotland	Full at 21
Wales	Full at 21
Irish Free State	Full at 21
Holland	Full (Equal with men)
Hungary	Full in 1918
Iceland	Full
Burma, British India, Native India	Full
Isle of Man	Limited
Japan	(Administrative)
Jamaica	Full
Latvia	(Without eligibility)
Lithuania	Full
Luxembourg	Full
Mexico	Full
Montenegro	(Municipal)
Newfoundland	Full
New Zealand	Full
Norway	Full
Palestine (Zionists)	Full
Roumania	Limited
Russia	Limited
Spain	(Municipal)
Sweden	Full
Tasmania	Full
Trinidad	Full at 30
Ukraine	Full
United States	Full at 21
Windward Island	Full at 30

ANTHROPOLOGISTS AT WORK IN ALGERIA MAKE DISCOVERIES

New York, April 27.—The theory that Africa was the birthplace of the human race is strengthened, in the opinion of Alonso W. Pond, Beloit College anthropologist, by discovery in Mechel-el-Arbi, Algeria, of the skull and bones of a child which he believes dated back to 60,000 B.C.

Announcement of the discovery was made by Mr. Pond, who is director of the Lezian African Expedition of Beloit College, upon his return here yesterday.

The finding of the bones was preceded by the discovery of an ancient camp site under a hard calcium carbonate crust, after a foot of earth had been removed.

A quantity of ashes was found.

London, April 27.—A Peking dispatch to The Westminster Gazette says documents seized in a raid upon Russian troops are attached to the Cantonese army units.

THE DUKE OF YORK ATTENDS MELBOURNE UNIVERSITY EVENTS

Melbourne, Aus., April 27.—Two university youths dressed as the Duke and Duchess of York motored through the streets of Melbourne today and so successfully impersonated the royal visitors that the crowds were completely fooled and they were cheered lustily.

The stunt was part of the "ragging" during the Duke's initiation into the students' association after

he had received the degree of Doctor of Laws. He good-naturedly submitted to the hazing, which included riding about in a shabby brougham followed by a procession of cows, goats and sheep. He smiled when slapped on the back and took an oath to share his cigarettes with "less fortunate members" of the association.

SPORTS NOVELTY Crocheted sleeveless sweaters gaily embroidered in many colors and worn over two-piece white costumes, are something new in sports wear.

DUTY ON CANADA'S IMPORTS OF SILICA IS REQUEST MADE

Ottawa, April 27.—Imposition of a duty on all imported silica, which now enters Canada free of duty, was a request placed before the Tariff Advisory Board here yesterday. The application was made by Silico Limited, Montreal, while the Dominion Glass Company, Montreal, the Canadian Car and Foundry Company, Montreal, and the Canadian Gas Association, Toronto, opposed the request. Following considerable argument, W. H. Moore, the chairman, adjourned the hearing until a date to be named for the hearing of further representations.

P. A. Masson, on behalf of Silico Limited, said his company had since 1920 operated at a loss the most valuable silica deposit in Canada, situated at St. Canute, Que. A considerable market for silica existed in Canada, he said, but United States and European importations depriving the Canadian railways of an important tonnage of traffic. The lack of duty also favored "the exodus of our people and imperils our enterprise by curtailing the scope of its business extension possibilities."

W. D. Herridge, appearing for the Canadian Gas Association, objected to the placing of any duty on silica fire clay and silica brick. These two products, he stated, were utilized in the manufacture of gas ovens, and could not be produced in Canada in forms suitable for use.

C. H. Ferninger of the Dominion Glass Company voiced similar objection against a tariff on silica sand. The Canadian product, he said, was not satisfactory for use in glass making.

Mr. Masson, replying to both protests, declared he was willing to have a test made of the Canadian product by the board.

A WIDE CHOICE

Selling as many new Dodge Brothers Cars as we do, it is only natural that we should be offered a wide selection of used cars in trade. We take the best of these—and put them in such good condition that they cannot help but reflect favorably on our reputation.

A FINE FAIR

IF ANY OF OUR CITIZENS ARE STILL sceptical about the industrial possibilities of Victoria, they can cure their complaint by paying a visit to the Armories and seeing for themselves just what is being produced in this community.

The producers of Victoria are to be commended for the manner in which they have assembled their wares for the edification of the consuming public. The various stands are attractively arranged and the products on view have all the appearance of being able to hold their own anywhere.

It is only possible to hold these events at comparatively long intervals. There is a good deal of expense attached to them. On this account it is to be hoped that the people of this community will make a point of visiting the Armories on this occasion.

It should be repeated that Victoria will expand industrially only if its citizens will demand the products of local concerns. Greater payrolls will insure lower taxation and the taxpayer can do his share towards creating them.

IS WAR INEVITABLE?

DR. W. J. SIPPRELL TELLS US THAT if we have to confess that international disputes cannot be settled without recourse to arms, "we are on the highway to the greatest disaster the world has ever known."

There is not the slightest doubt about the truth of this statement. Dr. Sipprell could go still further along his path of reasoning and say that another war on the same scale as the last would completely destroy what is left of our civilization. We agree that international relations are not in a happy condition to-day. Ample evidence exists to prove that contention. Individuals as well as nations are furnishing the proof. For a year or so after the end of the last war the "never-again" spirit seemed to take hold of the peoples of the world. The ghastliness of the whole business had impressed itself upon their minds to such an extent that they declared for a new order which would protect humanity from any repetition of such a carnival of slaughter.

This new resolve took root some time before the bills began to come in, before new and burdensome taxation had to be contemplated in the cold light of the "morning after," and the spirit shown appeared to be a favorable augury for the future. Less than ten years have gone by since the last shots were fired in the various theatres of war; all the bills are in; economic trials have replaced the mental anguish which produced the first resolve never to go to war again.

Just what is the condition to-day? What volume of practical support is there really behind the work of the League of Nations? True, more than fifty states are members of that organization; true, it has averted serious trouble on more than one occasion; yet the average individual, were he to tell the truth, is only mildly interested in what is the first genuine effort to settle international differences round the conference table.

As Dr. Sipprell says, "international relations are not in a proper condition to-day," nor will they be in a proper condition until a new attitude of mind replaces the fallacious idea that because nations always have drawn the sword, they always will. In just these few years, let it be noted, the "never-again" resolve has practically disappeared. The Preparatory Disarmament Commission at Geneva was compelled to adjourn yesterday and confess that it had not been able to perform its allotted task of preparing a draft treaty for the reduction of armaments.

There may be nothing particularly disturbing about the temporary setback which the Commission has experienced. Material disarmament is relatively unimportant compared with the disarmament of the mind. If only the peoples of the world would think more in terms of peace and less in terms of war, the limitation of fighting equipment would present no special problem.

Only by emphasizing the disastrous futility of war will public policies be framed to avoid war. But if future generations must regard war as inevitable, and arbitration a wild dream, we are, as Dr. Sipprell reminds us, on the highway to disaster. If the world wants the red glare of Communism, the best way to invite it is to start another big war. The last one stopped just in time to avert the complete collapse of civilization.

THE COMING ECONOMIC CRISIS

NOT LONG AGO SIR GEORGE PAISH, the well-known British economist and financial expert, warned the people of the United States that unless that country and many other nations ceased telling their citizens to "trade here" and "don't trade

there," the world would sooner or later suffer an economic cataclysm from which no country will escape.

Last week Dr. Arthur T. Hadley, president emeritus and former president of Yale, himself one of the world's foremost political economists, predicted that within the next ten years the nations of the world would have seen the greatest industrial upheaval ever known, an upheaval which he believed would shake the credit of nations and slow up production until a new industrial era grew out of the melting-pot of world reorganization.

The views of two such distinguished men on so complex a subject command attention. They represent the two richest nations in the world. Great Britain may be a little hard up for the time being; but that condition must be regarded as a passing phase in view of all the indications. The United States is the richest country in the world and the most highly industrialized. Thus to all intents and purposes the warning against the next upheaval comes from the two countries best able to withstand its effects.

These observations from Sir George Paish and Dr. Hadley should be noted in countries where no effort is being made to discharge the liabilities imposed by the war. They should be noted by all who advocate the restriction of trade by any means. Sir George already has pointed out that "the great countries of the world which in the last century overcame physical barriers to extend their markets, are now raising fiscal barriers to limit them." Dr. Hadley remarks that production and credit go hand in hand, "and any factor tending to weaken credits of industrial enterprises might be expected to involve the whole fabric of a nation, and of the chain of nations which people the countries of the world."

Dr. Hadley is far from despairing of the economic future of the world. While he argues that the crisis which he foresees obviously would be of more far-reaching effect than a world war, involving serious loss to millions of people, he believes a happier condition of affairs would grow out of it and lead to a mutually peaceful and more prosperous relationship between nations than ever before.

HONOR FOR VICTORIA BOY

MANY GOLFERS ON VANCOUVER Island and in other parts of the Province will be interested to learn that a Victoria boy has just been elected captain of the Cambridge University golf team for the next year. He is "Ronny" Scott-Moncrieff, one of the most promising of the Victoria Golf Club's younger players, who already has been favorably mentioned as a sterling golfer by a number of the sporting journals of Great Britain.

The honor will be a pleasant one for young Scott-Moncrieff himself; but it also is an honor for the city to which he belongs. His many friends will watch his career in the realm of golf with a good deal of interest and they have no doubt that his task of leading the famous university team is the result of a sound appreciation of his prowess and good sportsmanship.

WHAT OTHER PAPERS SAY

THE CARILLON POWER LEASE

From The Toronto Globe

It was stated before the Committee on Railways and Canals at Ottawa that the Carillon power lease was a departure from Government policies of the past. It should also be recorded as a departure from policies of the future.

NOT YET

From The Toronto Globe

An evening newspaper yesterday carried a fine sensational story that Canada had made a new reciprocity proposal to the United States. It was important for an hour, or until it was completely refuted by an Ottawa denial in the next edition.

Queer Quirks of Nature

By ARTHUR N. PACK

This bird is a young night hawk, perched contentedly in the only home he has ever known, the great roof of the main office building of a large automobile plant in a well-known Michigan city.

In reality the night hawk is not a hawk at all. He lacks both the curved bill and the talons of that group of birds, and he feeds entirely on insects.

The night hawk has a cousin with which he is frequently confused. That is the whip-poorwill, that lyric songster that sets the heart of the June woodlands pulsing with his poignant throbbing music. The night hawk may be most easily distinguished from this relative, however, by the broad bands of white across his wings, and by the fact that he has no musical notes.

His only song is a nasal "Peent," uttered repeatedly as he swoops through the air at dusk, hunting his evening meal.

Nighthawks nest on naturally half-barren tracts. They have learned, however, that the gravel roofs of city buildings offer them protection, so some have changed their nesting habits and have become city dwellers. They build no nest, laying their eggs on the bare gravel, where their barred plumage hides them effectively.

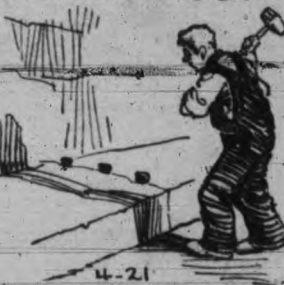

They catch their food on the wing, as do the swallows, and when a band of them is seen swooping over city roofs they are feeding on mosquitoes, June beetles and other quarry.

A THOUGHT

For whom the Lord loveth He chasteneth.—Hebrews xii, 6.
Sorrow makes men sincere.—Becher.

Do You Mean What You Say?

'DOWN TO BEDROCK'

"DOWN TO BEDROCK"

"Bed rock" is the softest unbroken layer of rock which underlies the looser surface strata. When you get down to "bedrock" you can build a structure of any conceivable strength and be certain that the foundation is secure. Upon this fact is based the common phrase "getting down to bedrock" which means simply getting to the "meat" of the matter or arriving at a sound basis of fact instead of "beating about the bush" and avoiding the real issue.

Canadian Questions and Answers

WEST

Q.—What is the railway mileage in the Canadian West?

A.—There is a mile of railway in the prairie provinces for every 124 inhabitants, compared with one mile for every 321 inhabitants in the Dominion of Canada as a whole, and one mile for every 420 inhabitants in the United States, the country standing next to Canada in relative transportation facilities. These figures indicate the vast extent of railway equipment already provided for the present and future needs of the West. These provinces have one mile of railway for every sixteen occupied farms. The mileage in 1924 was 4,226 times that of 1900, and 2.07 times that of 1910.

The WEATHER

Daily Bulletin Furnished by the Victoria Meteorological Department

Victoria, April 27.—5 a.m.—The barometer remains low on the coast and unsettled weather is general on the Pacific Slope. Mild weather also extends eastward to Manitoba.

Reports

Victoria.—Barometer, 29.72; temperature, maximum yesterday, 61; minimum, 47; wind, 4 miles E.; rain, .02; weather, cloudy.
Vancouver.—Barometer, 29.70; temperature, maximum yesterday, 58; minimum, 30; wind, 6 miles E.; rain, .34; weather, raining.
Kamloops.—Barometer, 29.56; temperature, maximum yesterday, 54; minimum, 30; wind, 4 miles E.; rain, trace; weather, cloudy.
Prince Rupert.—Barometer, 29.52; temperature, maximum yesterday, 50; minimum, 30; wind, 12 miles S.E.; rain, .30; weather, raining.

Revelstoke.—Barometer, 29.70; temperature, maximum yesterday, 58; minimum, 30; wind, 12 miles S.; rain, .01; weather, raining.

San Francisco.—Barometer, 29.60; temperature, maximum yesterday, 62; minimum, 30; wind, 4 miles S.; rain, trace; weather, cloudy.

Winnipeg.—Temperature, maximum yesterday, 50; minimum, 30; rain, .04.

CATS' EYES

To the Editor:—The attached news cutting was taken from The Times issue of April 13:

FELINE HAS RED AND GREEN EYES

Portland, Maine, April 13.—Johnnie, feline mascot of the Norwegian steamer Johannes Byrd, claims the distinction of being the only cat in the world with proper seagoing equipment. Johnnie's left eye is red, his right one green, corresponding to the regular starboard and port lights.—Times, April 13, 1927.

We have an ordinary tabby tomcat at our home with similar eyes to the one back East, with the exception that our cat can claim to be the only tabby cat having eyes that by day appear grey and blue, by night, green and red. The blue eye becomes red corresponding in the same manner as the other cat, to the port and starboard lights of ships.

Cats as a rule are rather difficult to train, but this one will, when commanded, sit up, beg, and also raise one paw as a salute, anticipating, of course, a reward.

I cannot offer any explanation regarding the color of the cat's eyes. To my knowledge they have never been injured in any way, for as a rule if the eye does become injured it will inflame and show a reddish tinge. But in this case the iris shows blue, and at night, when the pupil enlarges, the blue disappears and the red pupil shows up.

Hoping this will be of interest to you and others.

FRANK HALL,
510 Manchester Road, Victoria, B.C.

AN IMPRESSION AND TRIBUTE

To the Editor:—Just a good start in a race of keen competitors, augurs well for the success of the race, so does a good beginning in the initial event of an organization, spells success for its inception, its subsequent efforts and its permanency. It is beyond question that the president, Mr. J. G. Brown, the members of the executive, and other committees, with those holding important office in connection with the Victoria Musical Festival Association, have scored a great success in this the first event of its kind. It is difficult to gauge the true and full value of such a musical festival to the community at large, for as our esteemed citizen, Dr. Willis, the Superintendent of Education, so aptly remarked in his opening address, there can be no question as to its educative and uplifting influence, ethical and otherwise.

Music has a wonderful power on the mind. Unlike a painting, or a poem, it is the only art which is able to produce an instantaneous effect on the mind. One simple phrase, or a few chords will suffice to sway our emotions involuntarily. A musical composition, being the creation of the mind, of the intellect, and more or less of the emotions, will express in some concrete form the idea which originated in the artist's mind in form, melody, sequence, etc., and will be stamped with its own individuality peculiar to the composer's imagination. A critic, however, does not estimate the value or pronounce his opinion of a composition by its degree and power of swaying our emotions, great and subjective as that may be. But more as an intelligent may be.

They Act So Quickly And Always Relieve

Another Tribute to Dodd's Kidney Pills

Mrs. I. G. Ross, Who Suffered From Severe Backache, Tells How Dodd's Kidney Pills Relieved Her.
Cape Sable Island, N.S., April 26 (Special):

"I had a severe pain in my back," states Mrs. Ross, a well-known resident of this place. "I tried plaster and it did no good. The pain was still there. My husband told me to get a box of Dodd's Kidney Pills and when I had taken half of the box the pain was not so bad. But when I had taken the whole box the pain was gone. I am doing all my own work now and enjoying good health."

Don't run the risk of rheumatism, backache, sciatica, lumbago or serious kidney diseases. Strengthen the weakened kidneys with Dodd's Kidney Pills, and get well now. Afterwards an occasional treatment of this famous kidney medicine will serve to keep you well and to prevent kidney troubles.
Obtained from all druggists, or The Dodd's Medicine Co., Ltd., Toronto 2, Ont. (Adv.)

gent work of art in its form and conception.

For the contemplation of the beautiful in any of the fine arts should always be under the rule of our intelligence. And nothing may raise that intelligence in a general way as healthily displayed in the competitions of a musical festival, together with the educative values arising from the adjudicator's remarks. Along the line of thought it can be said that it is not always the medal-winning competitor that may derive the greatest benefit from the competition.

There is something as the success of the unsuccessful, contradictory as these terms may appear. The committee are to be congratulated in bringing to the city such able adjudicators. Splendid men of ability, of fairness, impartiality, and power of discrimination. It is true, the writer with others received more than one surprise in results, like a shock of a harsh discord on the concord of preconceived ideas which still hold good. The tribute is to the president and committee for the great success attained, and the public enthusiasm displayed from their efforts. Chamber music on the future syllabus would be a welcome addition.
G. JENNINGS BURNETT.

Islands

MAYNE ISLAND

Mayne Island, April 27.—Miss Berry has been spending a holiday in Vancouver.

Mr. and Mrs. Moody and family have returned to Hatzic after spending a holiday here.

Captain Eustace Maude has returned home after a few days in Vancouver.

P. Garrick has been spending a few days at home.

The Misses Jessie and Jean Stéves have returned to Stevenson after staying with Mrs. S. Robson for a few days.

Miss D. McNeill has been staying in Vancouver.

T. Brooke of Stevenson is staying here.

Miss Hoghen has gone to White Rock.

Mrs. Rose has returned home from Victoria, where her son, Stephen, has returned to school after the holidays.

Miss Garrick has been staying in Vancouver.

Mrs. Maude has gone to Victoria for a few days.

Admiral Nugent of England has been visiting Colonel and Lady Constance Pawkes.

Harold Payne of Sidney, with his daughters, the Misses Dora and Marguerite Payne, came here on his yacht, the Verona, for a few days.

Mrs. Barker was a visitor to Sidney.

Recent guests at Grandview Lodge were: Mr. and Mrs. Moody and family of Hatzic, Mr. W. Horne of Victoria, Mr. T. Brooke of Stevenson.

GALIANO ISLAND

Galiano Island, April 27.—A most enjoyable and successful social evening was held in Galiano Hall in aid of the Solarium. The sum of \$91.50 was realized and will be sent from the Galiano children to the Solarium. Over 100 people were present. The stage was prettily decorated with wild lilies and Spring flowers. There was a candy and gift stall which was decorated with masses of daffodils and greens and surmounted with a large sun shedding its rays. A scarf, donated by Miss Bellhouse, was won by Mr. Page. The lucky number was drawn by Miss Ruth Higgs. The Galiano Glee Five, Mrs. A. Scoones, Mrs. Thomas, Mrs. Elverson, Mr. Burrill and Mr. A. Scoones, gave several songs.

Canadian Motor Production Up

Ottawa, April 27.—Production of motor cars by Canadian factories showed an increase of eighteen per cent in March of this year when compared with production in February, and was a slight increase over motor car production in March of last year, according to a statement issued to-night by the Dominion Bureau of Statistics. Canadian factories produced 22,623 cars of all grades in March, with a value f.o.b. factory of \$14,825,794. This compares with a production of 22,374 cars, valued at \$14,133,229, in March of last year. Of the total production during March, 1927, 2,359 cars were produced for export and the balance for sale in Canada. (Adv.)

Wilshire's I-ON-A-CO

People Ask! What Is I-ON-A-CO?

GAYLORD WILSHIRE
Inventor of I-ON-A-CO

It is an invention by Gaylord Wilshire of an electro-magnet for accelerating the oxidation of the tissues. Its use is revolutionizing the treatment of disease.

I-ON-A-CO is based upon the discovery of Dr. Otto Warburg, the great German biologist, that the iron in the system acts as a catalyst uniting the oxygen we inhale with our tissue cells. I-ON-A-CO magnetizes the iron, thus giving it greater catalytic value.

Miss Jessie Mackenzie and Miss Nellie Jones, both long experienced in matters pertaining to the physical welfare of humanity, are in attendance in our Government Street offices, and have charge of the demonstrating department, where you may rest assured of the most skilful and careful attention.

ONTARIO'S LIQUOR EXPORTS INCREASE

Customs Commission Told of
Growth of Exports Across
St. Clair River

Windsor, Ont., April 27.—The growth of the liquor export business from Sarnia to the United States was indicated to the Customs Commission here yesterday. Whisky exports valued at \$73,000 in 1925 had increased in value to \$173,000 in six months of 1926. When in 1924 there were no whisky exports from Sarnia, in six months last year 11,452 gallons crossed from this port to the United States.

The export liquor business out of Sarnia also shows a tremendous increase. From 11,900 gallons going out in 1924, it increased to 109,943 gallons in 1926. The value of beer of \$22,654 in 1924 had risen to \$116,297 in 1926.

"What is the reason for this increase?" asked Chief Commissioner Brown. "The Volstead Act was in force prior to 1924."

"It probably was improved methods," suggested R. L. Calder, K. C., commission counsel.

Samuel A. Cole, collector of customs at Sarnia, was examined at some length by Mr. Calder in regard to the liquor export business.

He was followed on the stand by F. Greenwood, sub-collector at Point Edward, who also stated liquor exports from his port were considerable.

GIVING OF OATH
Once more the scarcity of the copies of the Bible in the customs offices for swearing captains of liquor vessels was made apparent to the commissioners during the hearing yesterday. It has been stated repeatedly by Mr. Calder not used as required by regulations to give the oath which should be taken when boats come in or are cleared.

"It has been suggested the Gideons might extend their activities to the

customs," remarked R. L. Calder, after evidence that the Bible was not used had been given by a witness.

HAYWARD TELLS COMMISSION HOW HE REFUSED TO TOUCH CARLOW'S LIQUOR CHARGES
(Continued from page 1)

"I asked him why he came to me instead of those making the Gauthier charges in the House," Mr. Hayward went on. "He said I appeared to be the only one who had any loose change. I told him he was mistaken. However, Mr. Sinnott said Carlow was hard up and needed money. He said Carlow couldn't afford to give this information away for nothing. I told him I had no money for such a purpose and was not interested. I suggested that he go to the parties who were taking up these matters. No suggestion was made of any particular amount, no suggestion was made of a loan, but the suggestion was made by Mr. Sinnott to me that if I wanted to give them something and didn't feel like buying it in the way of information they would sell me some stock in a 'bum' company and therefore it would be a legitimate transaction."

"You presented the proposition down. I was not interested in doing that class of business. I would not consider any person who would sell information to another political party worthy of consideration," Mr. Hayward added. "I used terms in expressing my opinion of Carlow too strong for use in this court."

"You resented Mr. Carlow opposing a vote of confidence in the Victoria members," asked Mr. Farris. "Well, it's not nice to be thrown down by your own party," said Mr. Hayward.

He added that he would not favor throwing the Carlow charges on the floor.

"I'd rather be out of it than play dirty politics," said Mr. Hayward.

PREMIER TELLS HOW HE ORDERED CARLOW OUT OF BUILDINGS
(Continued from page 1)

"On what grounds don't you think Carlow was a fit candidate?" asked Mr. Cowan.

"My impressions of Carlow were not good," Dr. MacLean replied. "You haven't changed your mind since?"

"No, rather I am convinced in my original opinion."

Mr. Cowan produced a letter written by Dr. MacLean to Carlow under date of February, 1926, in which the Minister stated that few succession duty valuations had been made of late but that he would be glad to see Carlow get his full share of this business when it was available.

Mr. Cowan produced another letter from Carlow to Dr. MacLean dated December 18, 1926. In this Mr. Carlow complains that derogatory statements apparently emanating from Dr. MacLean's office were being circulated about him. He was being called a traitor to the Liberal party, he said, and was accused of giving information to the Conservative opposition. He adds that his efforts to settle his claims against the party were justified by the circumstances and suggested a full investigation of them. To this Dr. MacLean replied that he had nothing whatever to do with circulating the reports com-

plained, whatever his private opinion might be and added that he knew nothing about Carlow's alleged arrangement with a representative of the Liberal party.

Asked if he had accused Carlow in the Legislature of returning to the Conservative party, Dr. MacLean remarked: "I don't think that's a serious charge—it's a matter of opinion."

J. W. de B. Farris, Government counsel, produced a letter from Dr. MacLean to Samuel McHaffie of the Finance Department instructing him that he must not continue to do business as a liquor agent. To this Mr. McHaffie replied that he would not attempt to solicit liquor orders from the Government while he was a civil servant. Dr. MacLean had never heard, he said, that Mr. McHaffie had tried to secure Government liquor orders.

Miss K. M. Knapton, formerly stenographer in Carlow's office here, was called by H. D. Twigg, M.P.P. Most of Carlow's business was political when she was employed in 1923, she said. A small amount of real estate business also transpired. P. J. Sinnott, formerly Carlow's solicitor, was recalled to the stand by Mr. Twigg. He explained that after Carlow asked him to review his documents he had a copy made of his client's affidavit and charges so as to protect himself, knowing that in political matters eventualities like the present inquiry had developed. Carlow had not known that witness had thus secured a certified copy of his affidavit, he said.

He denied that when he advanced Carlow's claims these were repudiated by Ministers of the Crown. As against Carlow Mr. Sinnott was not called.

Ministers agreed in calling the claims baseless. He was glad to get rid of Carlow's papers and his claims.

Mr. Sinnott explained that Carlow wanted \$1,000 to proceed with his claims. Apparently most of this was to go to Carlow.

WANTED TO SELL
"He wanted to sell his stuff," Mr. Sinnott added.

He testified that Carlow had instructed him not to make copies of his documents or had asked him if he had made copies of them.

Witness denied Carlow had discussed with Mr. Farris, Attorney-General Manson or anyone else the evidence he intended to give at the inquiry.

In answer to Mr. Twigg, Mr. Sinnott said that in the McBride Club he had suggested that the action of the four Victoria members of the Legislature was not advised and that charges was one reason why a vote of confidence in them should not be passed.

The commissioner objected to these extraneous matters being brought in and Mr. Twigg turned to Mr. Sinnott's relations with Leo Mendendez. Secretary to the Attorney-General, Mr. Sinnott explained that he was a personal friend of Mr. Mendendez and had discussed the Carlow charges with him only in an informal way. He did not recall that Carlow had instructed him not to talk to Mendendez.

He repeated this statement that he had mentioned the Carlow charges to Reginald Hayward M.P.P., and had agreed with him that it was inadvisable to press them in the Legislature but that he had not discussed them with the charges being thrown on the screen before an election.

HART TESTIFIES
John Hart, former Minister of Finance, testified that he knew nothing of Carlow's alleged liquor deal. He had not handled campaign funds, he said. He knew Carlow had received Government liquor orders, he said, and he "did not like it." He added that after the 1918 election he never handled campaign funds.

Attorney-General Manson was then called. He denied flatly Carlow's statement that he had seen Mr. Manson and explained his scheme of raising campaign funds through liquor commissions.

"He never discussed the use of liquor commissions and malarky with me," Mr. Manson swore.

He recalled the arrival here of an unauthorized shipment of liquor from the first overseas relief fund. He discussed this matter carefully with James Patterson, Government Purchasing Agent and came to the conclusion, he testified, that he should ship this shipment, although it had not been ordered.

"We felt we could not take the chance of the liquor being left in Victoria or Vancouver where it might be illicitly sold," Mr. Manson explained.

"We were getting the liquor at a less price than originally quoted—about a fair price. The whisky was satisfactory in quality. It meant we would have a little too much at that time, that's all."

NO ULTIMOR MOTIVE
There had been absolutely no ulterior motive in the acceptance of the liquor, Mr. Manson testified.

"Were you aware of any plan for raising money through liquor commissions as alleged here?" asked Mr. Farris.

"Absolutely not," Mr. Manson replied.

He added that all members of the Government were "very leery" of Carlow.

To support this Mr. Manson referred to a letter from Carlow to Premier Oliver. In this Carlow complained that his advice had not been followed by the Government in the 1924 election.

He stated on one occasion on whisky for all parts of the world.

The Attorney-General stated that he had told his friends in 1924 that he hoped Carlow would be defeated in Esquimaux as his election would be a disaster to the Liberal party.

"I'd say he was both crafty and a crook," Mr. Manson added. "He's one of those men who makes politics more or less disgusting to the average man."

Questioned further, Mr. Manson explained that when he heard that Carlow had received a liquor order he had promptly objected to the president of the Liberal Association being engaged in this business. Carlow was given no more orders, he recalled.

Mr. Manson said he did not believe Carlow used much of his liquor commissions for political work. He said Carlow went to the money on himself. As for the morality of using liquor money for political purposes, Mr. Manson declared he did not approve of liquor contributions, but these were on the same basis of morality as a contribution to a liquor man.

PROHIBITION IN U.S.
"I'm afraid I'm still a bit of a prohibitionist," said Mr. Manson, although I admit prohibition is not enforceable in British Columbia. I think it is a great success in the United States and that the next generation will reap a great reward from it."

Premier Oliver was the next witness. He told how Carlow came to him in 1923, suggesting that he was in serious financial difficulties and suggesting that if he could get a Government order for liquor he could get out of his difficulties.

He said he was relieved to get his most pressing obligations. Carlow asked the Premier to use his influence to secure this order for him and the Premier said he would discuss the matter with the Minister of Public Works. Carlow explained that he was relying on a note given him by the Minister of Public Works in securing a forehouse lease. When Carlow told him that the rental on the property in question was \$150 a year, and that Carlow expected to get \$5,000 on the deal, the Premier said he got "hot under the collar."

ORDERED CARLOW OUT
"I told Carlow to get out of the Parliament Building and not to come back," Mr. Oliver testified. I have not spoken to him since.

Carlow asked me to help him collect the note and said not only will I not help you, but I will do everything I can to prevent you collecting it. I took the matter up with the Minister of Public Works and he knew nothing of the note. There was no mention between us of money owing to Carlow by the Liberals.

When Mr. Cowan started to ask "Suppose it was," Mr. Oliver retorted: "I'm not going to tax my brain answering hypothetical questions. I came here only to give evidence of what I know. There has been too much time and too much of the taxpayers' money wasted in this way."

"You'd rather waste the taxpayers' money on your political organization than on the liquor order," the commissioner cut him short by calling the question entirely out of order.

In conclusion, the Premier said he did not approve the use of liquor money as alleged by Carlow.

INHABITANTS MOVE OUT OF BIG AREA TO BE FLOODED TO SAVE NEW ORLEANS
(Continued from page 1)

DISEASES FOUGHT
Pine Bluff, Ark., April 27.—With several cases already reported, Monticello, Arkansas, to-day was taking every measure to prevent an epidemic of pellagra and malaria among the hundreds of flood refugees being taken care of there. Emergency wards were established and serum is being rushed to the city to check a spread of the disease.

The first report of the disease was brought here to-day by Lieut. Griff McSwine of the Government flying corps, who reported that among 1,000 white refugees were being taken care of there. Of the white people, four-fifths were women and children.

RELIEF WORK SPEEDED
Memphis, Tenn., April 27.—Relief measures advanced throughout the flood-stricken districts of the Mississippi Valley to-day with accelerated speed as new emergencies were created by the waters which had left more than 164,000 persons homeless and hourly increased their toll of destruction.

The emergency situation in reference to the whole area affected, however, was gradually being brought under control, according to Henry Baker, director of relief for the Red Cross. With food, clothing and medical aid being sent to the stricken areas and concentration camps as rapidly as they are obtained, a real call for boats to speed up the work of relief and rescue came here.

Mr. Baker called on the United States coast guard for 100 patrol boats, which will be used in rescuing marooned persons and other duties in the states affected. Mr. Baker also asked the War Department for twelve portable signal corps radio outfits, these to be set up whenever regular communications are hampered.

HEALTH MEASURES
Sanitary and health conditions in the crowded refugee centres or in towns where inhabitants have elected to remain despite the flood have occupied the attention of the relief forces as they have fast been alleviated and rescue made.

That epidemics may be avoided, the general health officers of the seven states affected are called here to-day for a conference.

KING MAKES GIFT OF DISPATCH BOXES TO AUSTRALIAN HOUSE
Melbourne, April 27.—The Duke of York, visiting the House of Assembly of the Australian Parliament yesterday, presented to the Speaker replicas of the dispatch boxes used in the British House of Commons. They were gifts from King George as a token of his interest in the new Federal Parliament buildings at Canberra, where they will be used.

COURT REFUSES NEW TRIAL FOR INDIAN SLAYER

(Continued from page 1)

In speaking of this case the Chief Justice said the court found the question was one of fact and that the custom in such cases was for only one judgment to be presented by the court. He had asked Mr. Justice M. A. Macdonald to give that judgment.

Mr. Justice M. A. Macdonald said he would allow the appeal. Mr. Justice Martin dissented with the ruling of the Chief Justice, and stated he would also file a judgment in the case. The issue was a Duncan police prosecution, ending in a case of self-defence.

Filing a dissenting judgment in the murder trial Mr. Justice Martin said in his preliminary reasons for judgment:

"Several grounds have been advanced in support of this appeal from the conviction of the appellant for the murder of Loretta Chisholm, May 23, 1925, and I shall consider them in the will reasons of the court. I shall hand down at the earliest opportunity. At present, however, it is only necessary, in the view I take of the case, to say that the ground upon which the appeal should succeed is upon the objection taken to the admission of the statement made by the accused to the Council of Police, Spiller, after he was under arrest and confined in the jail in the Court House at Prince Rupert."

"The objection now advanced before us to the reception of this statement as evidence is that it was not free or voluntary, and was in effect procured by duress. The courts of Canada and England are in accord with respect to the reception of evidence in such circumstances and the general principle is conveniently stated by the Supreme Court of Canada in Prosko v. the King (1922), 43 S.C. 238 (at 242), where the Court of Criminal Appeal in Rex v. Volsin (1918, 1 K.B. 531, at 537), where it adopts the language of the Privy Council.

"This means, as is pointed out at P. 236, that the burden of proof in establishing the voluntary nature of the statement is 'undoubtedly resting upon the Crown, and in my opinion the Crown's own evidence herein clearly shows that the submission of the appellant's counsel that the burden has not been discharged in this case' has been fully sustained."

"It appears briefly from the evidence of the investigating inspector himself that he had the accused brought before him for examination from the cells to his room no less than four different times on May 25 before he would speak, and there is no suggestion whatever that the prisoner had expressed any desire to make a statement or to be brought before any officer for that or any other purpose; on the contrary, it is clear that the inspector was conducting an investigation tending to incrimination on his own account, and that though the prisoner did not wish to speak, yet he was in effect made to speak by being brought back from the cells until he did so."

"But still more, the accused has sworn that he was 'rattled' because of the rough treatment he had received in the course of said investigation, and the very serious allegation though the inspector of police was present in court at the time and was not called by the Crown to refute it."

"In such circumstances I am forced to the conclusion, after long and anxious consideration of the facts and the law relating to this vital point, that in the view of the court, being a voluntary one it was procured by duress and evidence obtained in a manner so highly improper should not have been admitted."

"Such an examination, improper in any event is the more to be condemned because the present subject of it is an Indian, and the battle between the influence of those of his race and the influence of this evidence seriously prejudicial to the accused in his defence, as abundantly appears by the cross-examination of the accused thereupon, and the extended observations made by the learned judge in his charge to the jury."

"I have not overlooked the fact that no objection was taken by the prisoner's counsel at the time to the admission of the evidence, but that passive attitude does not in a case of this description prevent the objection from being raised here, because such conduct cannot be regarded within the recent decision of the Supreme Court in Rex v. Boak, where an express waiver was given by the accused to the effect that 'I shall consider later. There is, moreover, nothing in the recent decision of the Supreme Court in Rex v. Boak, contrary to my opinion, that the facts being grave elements herein which were quite absent in that case.'"

RECORD ATTENDANCE AT PRODUCTS FAIR
(Continued from page 1)

ernment Street entrance to the Arcade Block and proceed in cars to the Armories.

Last night exhibitors rallied to the work of the fair committee by filling in with a fast and lively programme when special entertainers could not attend. Exhibitors' night was one of the big features of the week. Exhibitors told of the big lumber industry on Vancouver Island, of the steadily growing work of the Red Cross workshops and how they are saving men for paying vocations, of the making of bread under the latest aids of science; and a great deal the housewife should know about an egg.

The programme last night closed with a talk on "Secrets of the Sea" and was warmly applauded throughout.

S. L. Wilson, city wiring inspector, whose "shocking exhibit" at the exhibition is making firm friends with the patrons, has lost \$1 to date. Four bright and lively youngsters each pocketed a quarter as the result of their endurance and fortitude with the Magic Bowl. The wiring display is a unique exhibit of the use and misuse of electricity, and adjoins an attractive booth by the City Lands Department.

In the lands booth Joseph Wittcomb, acting lands commissioner, is finding a steady volume of inquiries for city property, similar to the choice homestead offered free to the fair. The city has authorized a special ten per cent discount for lands sales for building purposes this week, and its big "Talking Sign" is pulling results.

G.N.R. COUNSELLS HEARD AT INQUIRY

(Continued from page 1)

A. Fraser, Addressing Board on Rates, Says Conditions Always Changing

Ottawa, April 27.—The order-in-council under which the Railway Commission is conducting its present inquiry into freight rates required the commission to fix just and reasonable rates that would encourage and develop Canadian trade and commerce.

Fraser, K.C., counsel for the Canadian National Railways, who continued his argument before the commission here to-day, insisted this did not for a moment suggest the present rates were unjust or unreasonable when they received the approval of the commission. Conditions were constantly changing, Mr. Fraser said, and what had been fair and just at some period in the past might need adjusting now. This was what the board was asked now to consider.

Some discussion arose between Deputy Chief Commissioner Vien and counsel as to exactly what were the limitations of the powers of the Governor-in-Council to issue instructions to the commission as to the lines upon which it should proceed in the adjustment of rates.

APPEALS TO CABINET
It was agreed the commissioners were the sole judges of what should be fair and just rates, subject to appeal to the Governor-in-Council, and the Cabinet's power of review was wide, almost to the degree of being arbitrary.

It was further agreed that an order-in-council might be set forth in certain principles for the guidance of the Railway Commission, but if those principles could be shown to be in conflict with the provisions of the Railway Act, the order-in-council would have to go.

NORTHERN-CHINESE PREPARE TO ATTACK HANKOW FORCES
(Continued from page 1)

ated with Radical doctrines about "imperialism."

Investigations in critical moments all the British women have left Hankow and all the British men whose presence is not essential have been ordered to leave. Many of the better class Chinese are evacuating the city. As a result of the censorship the post office there is piled high with mail.

SPECIAL POLICE FORCE
Eugene Chen, Cantonese Foreign Minister, has asked the foreign business men to talk over the situation, assuring them conditions are normal and that business can be carried on. The police force is being formed, with an armored car for quick dispatch to any part of the city to cope with disorders.

The shortage of silver is cutting off food supplies from the country, the farmers having no faith in other currency. Thousands are without rice, depending on the few occasional bowls of rice donated by the unions.

It is estimated Hankow's food supply will last only three or four weeks at the most.

False reports spread like epidemics. When a foreigner has a controversy with the police who draw him to the station, the rumor often spreads that a foreigner has killed one of our comrades and then mobs form.

FENG INVITED
Private advice from Hankow says Feng Yu-Hsiang, formerly known as "The Christian general," has been definitely offered the post of commander of the Hankow armies, but it is not known whether he will accept. The battle between the Cantonese entrenched at Nanking and the Northerners on the other side of the Yangtze at Pukow was still in progress to-day.

There was firing between Cantonese gunboats anchored off Hankow and the Northern field batteries. One hundred wounded Cantonese have arrived here from Nanking.

APOLOGY GIVEN
It has been learned the captain of the British cruiser Caradoc received a full apology for the action of Chinese sentries in stopping British and United States citizens at rifle points and refusing to allow them to go ashore, except singly and at considerable intervals. The incident is considered closed with the apology.

ATTACK ON CANTON
Canton, April 27.—The Hankow section of the Chinese Nationalists is reported to be preparing for general advance upon Canton with four armies. The armies, it is said, are moving through Hunan province, attacking Canton by utilizing the Red forces distributed in the districts on route.

Canton, important source of revenue and site of a large arsenal, recently declared its independence of both the Hankow and Nanking regimes. Later, however, the Moderates rounded up the Reds, after which the city nominally adhered to the Nanking section.

A. J. BEVERIDGE DIED SUDDENLY TO-DAY
(Continued from page 1)

Beveridge's prominence was as much fixed in his literary career as in his ability as an orator as in his statesmanship. His "Life of John Marshall" is regarded as the most illuminating exposition of the first Chief Justice of the United States Supreme Court.

WAR VOLUME
After a year in Europe as a war correspondent for a national weekly magazine, Beveridge returned in 1915 to publish, on the eve of the centennial of the United States, "What is Back of the War?" which brought pitiless castigation from those who saw in it a justification of the German action. It was banned from many libraries and training camps.

BORN ON FARM
Albert Jeremiah Beveridge was born on a farm at the border of Adams and Highland Counties, Ohio, October 6, 1862, a son of Thomas H. and Frances E. (Parkinson) Beveridge.

Intense Pains in the Back

This remedy gave great relief

Recommends it to hundreds of people

Wm. Hollis, Birmingham, England, learned of Gin Pills in Montreal, ten years ago. He had intense pains in the back, caused by deranged kidneys. Gin Pills were recommended to him. He writes:

"I had great relief from kidney trouble after using Gin Pills. I have given many fine pills to people troubled with their backs, and everyone has given them the best of recommendations."

"A friend of mine, Wm. Osband, of Birmingham, suffered a long time with rheumatism, suppressed or too frequent urination or too frequent urination or feeble, look to your kidneys. Deranged kidneys lead to sciatica, rheumatism, lumbago and other painful maladies. Get a box of Gin Pills at once. 50c a box. National Drug & Chemical Co., Ltd., Toronto, Canada. Limited, Toronto, Canada. 125

If you have pains in the back, swollen feet or hands, brick dust deposits, constant headaches, falling appetite, suppressed or too frequent urination or feeble, look to your kidneys. ASSINIBOINE FLOOD PASSES ITS PEAK

People Along River in South-western Manitoba Believe Danger Subsiding

Hundreds of Acres of Farming Country Under Water; Cattle Moved Away

Winnipeg, April 27.—Hundreds of acres of farmlands adjoining the Assiniboine River near Viridian and Manitoba, in Manitoba, are under water to-day, but observers believe the river has now reached the peak of its rise and with a drop reported at some points, anxiety over the floods are being supplanted with hope that the townspeople have been removed.

To date the flood-area has been confined to low-lying farmlands and market gardening plots, while a number of farmers have been forced to move their grazing herds to distant fields. Relief measures have already been taken and families isolated by the floods are being supplied with food and other necessities. Boats and improvised rafts were in common use to-day.

A drop of more than an inch was reported at Brandon, Man., near where several miles of settled country have been submerged for more than a week.

Tributaries of the Assiniboine also are subsiding rapidly and good dry weather prevails throughout the province.

LABORITES FIGHTING NEW BILL IN BRITAIN

London, April 27.—Plans for a national campaign against the Government's new Trade Union Bill, which curbs the powers of trade unions, have been made by the general council of the Trades Union Congress of Great Britain.

The plans call for active propaganda against the measure and for 3,000 demonstrations on May 1 at which most of the leading speakers in the trade union and political labor movement will be present.

On Friday next a conference will be held by the executive of the unions affiliated to the Trades Union Congress and further steps to be taken in opposition to the bill will be formulated.

NO GENERAL STRIKES
The bill declares general strikes illegal but makes no reference to lockouts.

Philip Snowden, who was Chancellor of the Exchequer in the Labor Government, declares the measure would create chaos in the country which would take years to wipe out.

Amongst the Government supporters political observers find considerable reserve, but the cabinet includes certain members of the Labor party who are known to be in opposition to the measure and a reputation "be made safe against a repetition of the general strike."

U.S. Leaders in Shanghai Score U.S. Paper There

Shanghai, April 27.—The American Chamber of Commerce of Shanghai at its annual meeting yesterday adopted a resolution requesting the resignation of The China Weekly Review from membership in the chamber, because of its attitude on the Chinese situation. It was charged that The Review, which is the only American periodical in Shanghai, had operated in the service of the United States troops to China and other measures for the protection of lives and property, which did not reflect the attitude of United States citizens in China, and particularly did not represent the views of the Chamber of Commerce.

P. P. Snowball, M.C., editor of the publication, issued a statement that he had no intention of resigning or changing his policy. "The 'Review' is an American paper," he said, "and it is not for me to believe the Chinese have the right to express their views as well as the English or Americans, or others, and so long as I am engaged in the publication of an American paper in Shanghai it is my

Safe
Milk
and
Diet
For Infants,
Invalids,
The Aged

Food-Drink for All

Rich milk, combined with extract of choice grains, reduced to powder. Very nourishing, yet so easily digested that it is used, with benefit, by ALL AGES; infants or well. An upbuilding diet for infants, invalids, nursing mothers. Convenient. Light Nourishment, when faint or hungry. Taken hot, upon retiring, it induces sound, refreshing sleep. Instantly prepared at home—no cooking.

Women's
New
HygieneEnds disposal problem—
Discards like tissueBy ELLEN J. BUCKLAND
Registered Nurse

THE old-time sanitary pad has been supplanted by a new and better way called KOTEX.

It ends the embarrassment of laundry and disposal. You discard Kotex as easily as tissue.

It's five times as absorbent as ordinary cotton pads, and thus protects amazingly. You wear sheer gowns and gay frocks under the most trying conditions.

Also deodorizes, and thus ends all fear of offending. 8 in 10 better class women now use it. Great hospitals employ it. Doctors widely urge it.

Most stores have Kotex on counters wrapped in plain paper, ready to be picked up without even asking.

Costs only a few cents for a package of 12. Be sure you get the genuine KOTEX, for only Kotex itself is "like" Kotex.

KOTEX

No laundry—discard like tissue

PREMIER BALDWIN'S
DAUGHTER COMING

To meet his wife, who is the daughter of Premier Baldwin, will sail for Canada on the Empress of Australia about July 22 to take part in the opening of the big Canadian-American bridge at Detroit. Mrs. Huntington-Whiteley has arrived at the Empress Hotel. He is on sixty days leave from his ship H.M.S. Danae, which is now in Chinese waters.

With his wife he plans a camping trip in the Canadian Rockies, perhaps near Banff.

Mrs. Huntington-Whiteley reached Winnipeg Tuesday. This is her first visit to Canada. In a message sent through here to-day she said that what most attracted her on her trip are the big railway locomotives which haul the transcontinental trains. She says she likes to get out at the stations and admire the powerful iron horses.

Accompanied by the Prince of Wales, Premier Baldwin will sail for Canada on the Empress of Australia about July 22 to take part in the opening of the big Canadian-American bridge at Detroit. Mrs. Huntington-Whiteley said that she will not visit Western Canada, but return to England for meetings at Liverpool in August.

Mrs. Huntington-Whiteley will return to England from Victoria at the expiration of her husband's leave. Traveling with her are her husband's uncle, Maurice Huntington, and his wife.

Printers to Hold
Dance Next Week

Victoria Typographical Union at their last regular meeting decided to hold a dance Friday, May 5. This will take place in the Alexandra ballroom, Courtney Street, tickets being on sale at Diggon's and from local members of the printing craft. Heaton's orchestra has been engaged to provide the music for the night.

The committee in charge of the affair includes S. V. Bowers, J. A. Hiltner, L. H. Borge, F. H. Neelands, J. A. Davidson, W. E. Skett, A. W. Stokes, A. E. Relf and V. J. Balnes. Dancing will be from 9 to 1 and a buffet supper will be served.

Municipal I.O.D.E. to Meet—The first Municipal I.O.D.E. meeting under the new executive takes place tomorrow, Thursday, at 2 o'clock at headquarters. All officers of the primary chapters are members of Municipal and a full attendance is hoped for as much interesting business will be discussed, among which "Representation in England" so that an intelligent vote may be given to the National Chapter.

AN INVISIBLE
SHIELD AGAINST
INVISIBLE FOES

The foes are countless germs that lurk on the many objects you touch, every day, that other hands have touched.

The invisible shield is the antiseptic quality released in creamy Lifebuoy rather than makes such objects harmless to you.

And there is no better Toilet Soap for general use.

"27 GERMS DISEASES may be carried by the hands."

SOCIAL
PERSONALMISSIONARIES TELL
THEIR EXPERIENCESAt Opening Meeting of United
Presbyterial; Many Delegates

Mrs. A. J. McFarlane, missionary at Vuchang, China, gave a graphic description of conditions in China before an interested gathering under the auspices of the Victoria Presbyterial of the Women's Missionary Society of the United Church last evening. Mrs. McFarlane told of her work at this mission and sketched the events leading up to her flight from that city recently when menaced by bandits. She was sent out to China by the inter-denominational Missionary Society of London, England.

Mrs. Gruchy, a medical missionary from Central India, spoke of the conditions under which church and medical work is carried on in the sparsely-settled areas of India. Mrs. Reginald Chaves, in Oriental countries, sang the solo, "I Gave My Life for You."

Rev. W. G. Wilson, D.D., minister of the First United Church, acted as chairman, and Rev. Dr. W. J. Sippell brought greetings from the Presbyterial.

The public meeting was preceded by a supper at which Mrs. D. McKillop of Victoria warmly welcomed the visiting delegates. Mrs. T. G. Barlow of Cobble Hill responding; brief addresses were also given by Rev. Dr. Wilson, Rev. A. A. Nixon and Rev. Dr. Unsworth (Pender Island).

MANY DELEGATES

Delegates to the Presbyterial include: Centennial—Mrs. S. Howard, Mrs. A. H. Rogers, Mrs. C. Harris, Chinese—Miss Mossow, Mrs. Chan, Mrs. Wong, Fairfield—Mrs. R. E. Hopkins, Mrs. H. Roberts, Mrs. Henderson, Mrs. Rogers, Japanese—Miss Davis, Mrs. Shoji, Mrs. Ushitama, James Bay—Mrs. T. Keyworth, Mrs. Carmichael, Mrs. Hunter, Metropolitan—Mrs. A. Read, Mrs. Sharp, Mrs. McComb, Sherwood—Mrs. J. Hood, Mrs. McGowan, Mrs. Gibson, Wesley—Mrs. G. Guy, Mrs. W. S. Perry, Mrs. J. Daniels, Williams Road—Mrs. S. Jones, Mrs. W. Allison, First United—Mrs. D. McKillop, Mrs. Connebar, Mrs. Little, St. Al—Mrs. M. Gowanlock, Mrs. M. D. McKee, Mrs. H. Marsden, Oak Bay United—Mrs. W. J. Graham, Mrs. Percival, Mrs. Gardner, Mrs. Aylward, Nanaimo, St. Andrews—Mrs. Taylor, Mrs. H. Nixon, Mrs. W. Browning, Nanaimo, Halliburton Road—Mrs. Welch, Mrs. G. Henderson, Mrs. P. Campbell, Port Alberni—Mrs. W. H. Gibson, Pender Island—Mrs. J. K. Unsworth, Cowichan Station—Mrs. F. G. Barlow, Mrs. B. W. Clements.

Y. W. Auxiliary delegates: First Church—Miss J. Menzies, Gordon Head—Miss W. Williamson, Miss K. Cullum, Metropolitan—Miss McKillop, Miss M. Clark, Wesley—Miss M. Beattie, Miss Ennor, Miss McEasters.

Mission Bands: Centennial—Mrs. J. Alton, Metropolitan—Mrs. Monkman, First United—Miss Rattray, Miss Naismith, Oak Bay—Miss Clark, James Bay—Mrs. Hogg, Gordon Head—Miss H. Keyworth, Greta Gault, Y.W.F.—Miss A. Williamson.

S.P.C.A. Arranges
Children's Dance

In connection with the annual observance of "Animal Week" the S.P.C.A. is arranging for a children's dance for young people up to fifteen years of age. Fancy dress is not compulsory but the boys or girls who contrive costumes representing animal life, whether it be animal, bird or insect, will be possible winners of the various prizes to be presented during the evening. Elmer Knight's orchestra will be in attendance and refreshments will be provided for the dancers and visitors. The hours of the dance are from 7 to 10 p.m. Tickets may be procured from Cornwell's Bakery, Wiper's Candy Store, and the Decca Candy Store, Fletcher's Music Store and from members of the committee.

Mrs. Crutcher and two children have returned to their home in Victoria after spending the Easter holiday in Ladysmith with her parents, Mr. and Mrs. W. Anderson.

Kathleen and Allan Macdonnell have returned after spending the Easter holiday with Mr. and Mrs. D. Campbell, Third Avenue, Ladysmith.

WOMEN'S AFFAIRS

SOCIAL

His Honor the Lieutenant-Governor and Miss Mackenzie left last night for Vancouver, where His Honor will this morning lay the foundation stone of the new Theological College at Point Grey. They will return to Victoria on Friday, and during their stay in the mainland city will be the guests of General and Mrs. J. W. Stewart, "Arduvar," Shaughnessy Heights.

Mr. Howard Wilson of Ladysmith spent the week-end in Vancouver.

Mrs. Lorne Campbell has returned to Victoria after a visit in Vancouver.

Mr. R. Sanderson Sr. of Ladysmith is visiting his daughter, Mrs. Dickson, of Lulu Island.

Mr. Harry Lorden of Seattle is visiting his mother, Mrs. H. Lorden, Wilson Street, Victoria West.

Miss Gabrielle Pittman, who has been spending a holiday in Victoria, has returned to her home in Vancouver.

Miss Marion Deeks, who is the guest of Colonel and Mrs. Lightbody, St. David Street, will return to Vancouver to-morrow.

Mr. Otto Brenner of Vancouver has been spending the last few days in Victoria.

Mrs. W. Joyce and daughter, of Lake Cowichan, spent the week-end in Ladysmith.

Miss Sally Hart of Portland arrived in Victoria yesterday and is a guest at The Angela.

Mrs. A. Carnochan of Victoria has been visiting Mrs. and Miss Culloch, Methuen Street, Ladysmith.

Mrs. R. M. Cassie of Vancouver is visiting in Victoria as a guest at The Angela.

After spending a short time in Victoria Mr. and Mrs. David Jarvis of Seattle have returned home.

Miss Gilliland left on Monday afternoon for the Nickel Plate Mine, Hedley, where she will take charge of the public school.

Mr. and Mrs. D. Ewens and daughter, May, of Nanaimo, were the guests Sunday of Mr. and Mrs. H. Campbell, Ladysmith.

Miss Violet Emery, who has been visiting Mrs. A. Morrison of Ladysmith, has returned to her home in Victoria.

Miss Munsie left on Monday for Vancouver and is a guest of her brother-in-law and sister, Mr. and Mrs. E. J. Cameron.

After spending a short time in Victoria, Mrs. R. P. Wilnot of Vancouver, returned yesterday to her home on the mainland.

Mr. R. B. Elliott, Bank Street, will leave on Friday for England, and will visit in France prior to returning to Victoria in about four months' time.

Mr. and Mrs. H. B. Wilbur of Seattle, who have been visiting in Victoria as guests at The Angela, have returned to their home in Washington State.

Mrs. George Stitt of Toronto, who has been spending some time in Victoria left yesterday afternoon for the mainland en route to her home in Ontario.

Miss Margo Bates has returned to her home in Nanaimo after spending a few days with her uncle and aunt, Mr. and Mrs. J. Morgan, White Street, Ladysmith.

Mrs. Crutcher and two children have returned to their home in Victoria after spending the Easter holiday in Ladysmith with her parents, Mr. and Mrs. W. Anderson.

Kathleen and Allan Macdonnell have returned after spending the Easter holiday with Mr. and Mrs. D. Campbell, Third Avenue, Ladysmith.

Miss Esther Maki left Monday for her home in New Westminster after spending a few days at Ladysmith with her uncle and aunt, Mr. and Mrs. C. Kilgus.

Mr. and Mrs. H. Hatfield and son, Howard, have returned to their home in Vancouver after spending the Easter holiday with Mr. and Mrs. I. Nash, of Ladysmith.

Miss Margo Bates has returned to her home in Nanaimo after spending a few days with her uncle and aunt, Mr. and Mrs. J. Morgan, White Street, Ladysmith.

Mrs. Crutcher and two children have returned to their home in Victoria after spending the Easter holiday in Ladysmith with her parents, Mr. and Mrs. W. Anderson.

Kathleen and Allan Macdonnell have returned after spending the Easter holiday with Mr. and Mrs. D. Campbell, Third Avenue, Ladysmith.

Miss Esther Maki left Monday for her home in New Westminster after spending a few days at Ladysmith with her uncle and aunt, Mr. and Mrs. C. Kilgus.

Mr. and Mrs. H. Hatfield and son, Howard, have returned to their home in Vancouver after spending the Easter holiday with Mr. and Mrs. I. Nash, of Ladysmith.

CLUB
AND
NEWSE. CEDIA BRAULT
CHARMING EXPONENT
OF OLD FOLK SONGS

The ladies of Court Triumph, A.O.F., will meet Friday evening at 8 o'clock for general business and arranging forthcoming events.

Mrs. Albert Battle and her small son, Jack, of Ladysmith, is visiting her parents, Mr. and Mrs. C. J. Moore, 3297 Douglas Street.

Miss Marian Stephenson has returned to her home in Nanaimo after spending a few days here in Ladysmith with her uncle and aunt, Mr. and Mrs. J. W. Atkinson, High Street.

Miss Ursula Malkin, daughter of Mr. and Mrs. P. D. Malkin of Vancouver, is to make her debut at a dance at the Georgia Hotel on May 12.

Miss Molesworth, who has been spending the winter in Victoria, is leaving shortly for her home in Seattle, and en route will visit Mrs. Percy Shalloo in Vancouver.

Mrs. Julia Henshaw, widow of the late Mr. Charles G. Henshaw, has returned to Vancouver from Europe, and is at present the guest of Mr. and Mrs. Charles Loden.

Mr. and Mrs. W. Munroe, Belmont Avenue, will leave to-night for the mainland to attend the wedding of their niece, Miss Marion Cameron and Mr. J. Wilson.

Mrs. H. MacKenzie with her son, Master Ian MacKenzie, returned home to Victoria on Sunday after spending the Easter holidays in Ladysmith with her daughter, Mrs. F. G. West.

After an absence of two years Mrs. R. A. Brown has returned to Victoria. The greater part of this time Mrs. Brown has resided in Kansas with her daughter, Miss Jessie C. Brown.

Mrs. Alex. Perkins and small son, Winnipeg, who have been spending the winter months in Vancouver, were the guests of Mrs. Margaret Stewart for a few days in Victoria, and have now returned to their home in Winnipeg.

Col. J. K. Cornwall of Edmonton arrived in Victoria yesterday to join the winter months in Vancouver. He is the guest of Mr. and Mrs. W. E. Cathela, Runnymede Avenue, Oak Bay. Col. and Mrs. Cornwall will leave to-night for Vancouver.

Mrs. R. J. Cummins, formerly Dorothy Pendray, will hold her post-nuptial reception on Friday afternoon at 3 to 5 o'clock at the home of her parents, Mr. and Mrs. J. Carl Pendray, Belleville Street. She will leave on Saturday for her home in Seattle.

The many friends of Rev. M. Theodore Habershon, formerly minister of the Douglas Street Baptist church, and formerly of the First Baptist Church, Brownsville, Oregon, will be interested to learn that the Southern School of Divinity has conferred upon him the honorary degree of Doctor of Divinity.

Mrs. Charles Brown, The Uplands, who is visiting in Vancouver as a guest of her brother-in-law and sister, Mr. and Mrs. E. J. Cameron, will be joined by Mrs. Brown in Vancouver for the wedding of Miss Marion Cameron and Mr. J. Wilson, to take place in Vancouver to-morrow evening.

An enjoyable and well-attended meeting of the Sketch Club of the Island Arts and Crafts Society, was held yesterday afternoon in Miss Crease's garden where some excellent sketches were made. Miss Crease later entertaining the members at tea. The club will meet again on Tuesday next at the Uplands.

Miss E. M. McKenney, who has been spending the last fourteen months in Newcham, North China, with her nephew and niece, Mr. and Mrs. E. Lord, has returned to Victoria and is the guest of her brother-in-law and sister, Dr. and Mrs. E. H. Griffiths, Oscar Street.

Yesterday Mr. Griffiths received a cable stating that Mrs. Lord and her two children will sail from China on the President Jefferson for Canada.

Mr. and Mrs. Oswald H. Dorman, 750 Queen's Avenue, entertained for their daughter, Roma, at a delightful birthday party yesterday, April 23. The invited guests were: Georgina Wilson, Louisa Cameron, Mildred Jones, Hope Denbigh, Faith Cuming, Valentine Harlock, Kina Campbell, Ellen Boyd, Doreen Loughed, Nora Carlin, Thora Harrison, Helen Saunders, Beryl Hinchliffe, Molly Milton, June Tod, Amy Hutton, Pat Smith and Marjorie Warn.

Lake Hill Community Centre held a most enjoyable military 500 party on Monday evening with twenty tables in play. The prizes after cutting were awarded as follows: First, Mrs. Green Sr., Miss Hagan, Mr. Woods, Mr. Hawes; second, Mrs. Sturgeon, Mrs. Webster, Mr. Campbell Sr., Mr. G. Frazee; consolation, Mrs. Browning, Mrs. Williams, Mr. Holcroft, Mr. Green Sr.; ten bid, Miss Holdcroft and Mr. Lester; tombola, Mrs. Townsend. A popular vote was taken from those present and as a result the committee in charge decided to hold these card parties on the last Monday of every month during the summer. The next party will be held on May 30. Members and visitors are welcome.

About thirty guests paid a surprise visit to the home of Mr. and Mrs. Edwin Matthews, Linden Avenue, on Monday evening, it being the birthday anniversary of Mr. Matthews. The evening started with guessing contests, the first being won by Mrs. Thomas Pearson, and the second by Miss Edean and Mr. Kay. Each received dainty and useful prizes. Miss Cameron, an accomplished musician of Vancouver, delighted the gathering with pianoforte selections. Miss Champenny and Miss Ethel Parsons sang several solos and duets, accompanied on the piano by Miss Annie Parsons. Dainty refreshments were served. The gathering then enjoying cards and dancing.

Well-known I.O.D.E. WORKER PASSES ON

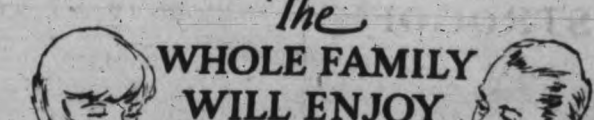

Late Mrs. J. S. T. Alexander
Was Prominent in Gonzales
Chapter and Girl Guides

A woman who has been closely identified with patriotic and philanthropic undertakings in the city, passed away yesterday in the person of Mrs. Emily May Alexander, wife of J. S. T. Alexander of 1377 St. David Street. Mrs. Alexander had been a patient in the Jubilee Hospital for only a few days, falling ill shortly before noon yesterday.

The late Mrs. Alexander was the second daughter of Capt. Henry Pimm, and was born at East Molesey, England, and had a residence in Victoria for thirteen years.

An active member of the I.O.D.E., Mrs. Alexander was for a number of years associated with the Gonzales Chapter, in which she held the office of second vice-regent at the time of her death. She was also keenly interested in girl guide work, being for several years secretary of the local association. She leaves a host of friends, who will mourn with sincere regret her passing.

Funeral services will be held from the I.O.D.E. Funeral Chapel on Friday at 2:15 o'clock, proceeding to Christ Church Cathedral, where the Dean of

THIS CREAMY
PUDDING

2 cups milk 2 eggs
1/4 cup Ghirardelli's 1/4 cup sugar
Ground Chocolate 1/4 teaspoon salt
1/4 cup raisins 1 teaspoon vanilla
1 1/4 cups cooked rice 1/4 teaspoon cinnamon

Scald milk over hot water. Mix chocolate with a little hot milk, add to remaining milk. Add washed raisins, cook in double boiler until tender (about 15 minutes); mix rice, egg yolk, sugar, salt; add to chocolate mixture, stir. Cook until thickened, add flavoring, pour into baking dish. Cover with a meringue made of stiffly beaten egg whites and a tablespoon sugar. Brown in slow oven (300°F), serve cold. Will serve six persons.

WAR BETWEEN ITALY AND AUSTRIA SHOWN IN PLAYHOUSE FILM

Corinne Griffith, known now as the "most beautiful woman in the world" since Liberty Weekly sent its beauty editor in search of a modern Venus, appears in a new war picture, "The War Between Italy and Austria," at the Playhouse Theatre this week.

"MISS BREWSTER'S MILLIONS" HAS FINE SUPPORTING CAST

Bebe Daniels in her latest starring vehicle for Paramount, "Miss Brewster's Millions," has an excellent supporting cast. Instead of one leading man—she has two! And they're both well-known popular players, Warner Baxter and Ford Sterling. The former plays opposite the star as the man who finally leads her to the altar, while Ford has a comedy role as the slightly erratic uncle. In the supporting company are

Capitol—"Michael Strogoff."
Columbia—"The Isle of Hope."
Dominion—"Fashions for Women" and Beauty Show.
Variety—"Miss Brewster's Millions."
Crystal Garden—Swimming and Dancing.

Michael Dark, who was last seen with Ray Griffith in "A Regular Fellow," Andre de Beranger who made such a hit as the movie "shock" in "Are Parents People?" and Ned Sparks.

The director of two of Raymond Griffith's past successes, Clarence Badger, handled the megaphone for "Miss Brewster's Millions." It was adapted by Monty Brice from the novel by George Barr McCutcheon and play by Winchell Smith. "Miss Brewster's Millions" is showing at the Variety Theatre all this week.

DICK TALMADGE DOES DARING STUNTS IN FILM AT COLUMBIA

In "The Isle of Hope," which is now showing at the Columbia Theatre, Richard Talmadge outdoes himself in flying leaps, swings, stunts and general acrobatics. And he has an excellent story in which to work. The part of the youthful adventurer is admirably suited to his ability. The picture, which proves Dick's best as well as his latest P.R.O. release, is filled with sensational action and good dramatic scenes. Jack Nelson directed it and James Bell Smith wrote both the original and continuity. The cast is particularly well chosen and gives the star fine support.

ESTHER RALSTON STARS IN FILM ON DOMINION SCREEN

Esther Ralston's first Paramount starring production "Fashions for Women," at the Dominion Theatre this week holds forth promise of many things. Those who have seen beautiful Miss Ralston in "Old Ironsides," "The Blind Goddess" or "The Quarterback" need no explanations as to why she was given a hand in scaling the heights of stardom. Suffice it to say "Fashions for Women" is her initial bid and those who've seen it advise us that they're already anxiously awaiting her second "Ten Modern Commandments."

The Bathing Beauty Contest to choose the most beautiful girl in Victoria is also one of the features of the Dominion bill this week and is attracting large audiences.

NATIVE RUSSIAN DANCE FEATURE OF "CAPITOL PICTURE"

In "Michael Strogoff," the Universal-Films de France production, now playing at the Capitol Theatre, some hundreds of couples in the Palace of the Czar at Moscow execute the "Krakow," a dance originating in Krakow, Poland, which became immensely popular in all the Russian during the 1850's. It is as native to Russia as is the Virginia Reel to America, and it would seem to the agility, the speed, skill and stamina of a first-class Charleston dancer to render it as shown in the picture.

The vaudeville attractions at the Capitol this week include Barbarina, the physical culture girl; the Little Sisters, the musical prodigies in a special pianoforte specialty; and Jeanette Guinan, late premier danseuse of the Chicago and New York Revue, offering a de luxe presentation of the famous black bottom dance craze.

JUVENILE FOLLIES' FINAL APPEARANCE AT GARDEN TO-NIGHT

To-night with their final appearance at the Crystal Garden Victoria will say good-bye to one of the cleverest troupes of juvenile performers seen here in many months. Not one of the members of this talented cast is more than nine years old, and it seems almost incredible that children of such tender years could long since have made names for themselves on the vaudeville stage. The majority of these artists have already completed long engagements on both the Orpheum and Pantages circuits.

The pot pourri of mirthful musical numbers has made a remarkable impression on the audiences at the Crystal Garden both Monday and Tuesday evening, and after witnessing their performance it is quite believable that they have had many requests for return engagements. Much credit for the ability and skill of these young performers is due to Manager Harold W. Steen, who selected and organized the cast. With a clever, up-to-date bill of singing and dancing, and bright costumes, these youngsters put on a show that is well worth seeing.

Bathing Beauty

Miss Jesse Ruddock, well-known Victoria bathing beauty, is shown posing here.

Four times in his adventurous career Captain Roald Amundsen, the famous explorer, was given up by the world for lost—the fourth time being last May, when he made his daring dirigible flight over the North Pole. He will tell about that flight, its adventures and observations, in a lecture entitled "By Dirigible from Rome to Teller," to be given at the Royal Victoria Theatre, on Friday afternoon and evening, under the Gyro Club auspices.

FOUR TIMES AMUNDSEN WAS THOUGHT LOST

Famous Explorer Returned to Civilization After Facing Death

Four times in his adventurous career Captain Roald Amundsen, the famous explorer, was given up by the world for lost—the fourth time being last May, when he made his daring dirigible flight over the North Pole. He will tell about that flight, its adventures and observations, in a lecture entitled "By Dirigible from Rome to Teller," to be given at the Royal Victoria Theatre, on Friday afternoon and evening, under the Gyro Club auspices.

Governor-General Visitor in Regina

Regina, April 27.—Viscount Willingdon, Governor-General of Canada, and Lady Willingdon, arrived for their first official visit to Regina yesterday.

Julia Faye's Willingness To Help Brings Her To Stardom

Hollywood, April 27.—"Miss Faye, I wonder if you would mind helping us give a screen test to a new girl this afternoon?" "But, I believe you're just the one we want," said the casting director at the Cecil DeMille studio speaking to Julia Faye, always a good scout, readily consented. She has never been known to refuse assistance to anyone yet. The test was made with Julia doing everything possible to help the newcomer.

A few days ago the casting director again put in a call for Miss Faye. "I never even thought of you for that role, Miss Faye," he exclaimed. "But, I believe you're just the one we want."

And so, because she did a good turn; Julia Faye is to play the feminine lead opposite Rod LaRouque in "Brigadier Gerard." It is one of the most coveted roles of the year and will advance Julia several rungs on the cinema ladder.

"Brigadier Gerard" is LaRouque's first picture since "Resurrection," in which he scored a tremendous hit. "I have known for several weeks that I might get a chance to play

Dr. E. B. Paul, Leader In B.C. Educational Circles For Forty Years Resigns Principalship

Dr. E. B. Paul, principal of Victoria Arts College since its organization, and a leading educationalist in British Columbia circles since before 1892 tendered his resignation to the City School Board last night. The announcement was received with widespread regret. Steps will be taken to fill the vacancy.

In his letter to the board, Dr. Paul stated his retirement was taken in the interests of his health. The letter which was received with great regret by the board, follows:

"While not yet feeling very acutely the effect of the years that have passed since my first appointment under the board as principal of the Victoria High School, I consider that a rest would be to the advantage of my health, and that the Victoria College would be benefited by being put under the direction of a younger man than myself."

"I therefore have the honor hereby to tender to you my resignation as principal of the Victoria College, to take effect at once, or at any other date which may be most convenient to you."

"In doing so, I beg to place on record my deep gratitude to you and to your predecessors in office for the kindness and consideration which I have always received while serving under each successive board, and which have rendered my duties comfortable and happy. Especially do I wish to thank your chairman, Mr. George Jay, who for many years has never failed to be to me a wise counsellor and a much prized friend."

Dr. E. B. Paul, a graduate of the University of Aberdeen, had recently conferred upon him the degree of Doctor of Law, for distinguished services in educational circles.

ON DIPLOMATIC MISSION

In a long and active career in British Columbia School circles, Dr. Paul has won the esteem and affection of a very large circle of friends. Before coming to Canada he was in the Imperial Government service in Japan, where he executed a very important diplomatic mission to Korea.

Nearly forty years ago Dr. Paul came to British Columbia. A very fine scholar, he became principal of Nanaimo School, in which capacity he won the regard of British Columbia educationists. It was in 1922 that Dr. Paul was appointed principal of Victoria High School, a post which he held until 1926, when he became Inspector of Schools.

Dr. Paul is perhaps best known for his sterling work in connection with the upbuilding of the Victoria Arts College, in affiliation with the work of the University of British Columbia. He was the leading advocate for the institution of the college, and saw all his hopes realized in the rapid growth of that institution, of which he was the first principal and which he has conducted so admirably.

For some years Dr. Paul has been a member of the Senate of the University of British Columbia, and has played a leading part in the educational affairs of the Province.

It is said of Dr. Paul that he has not only succeeded in winning not only the esteem and co-operation of all who worked under him, in the teaching profession, but also the devotion of the students. There are few men in Victoria to-day more widely known or more highly regarded in this connection, and in his retirement Dr. Paul will be followed by the best wishes of all old boys and members of the present student body who at one time or another have been under his care.

No successor to the post of principal of Victoria College will be made this week, it is stated. The vacancy created by the retirement of Dr. Paul will be considered next week by the School Trustees.

DR. E. B. PAUL, M.A., LL.D.

SCHOOL BOARD TO BUY CRAIGDARROCH

Nothing Now in Way of Early Acquisition of Site, it is Inferred

At a special meeting of the City School Board held yesterday it was decided to proceed at once with the completion of the negotiations with the Bank of Montreal for the purchase of Craigdarroch for the purpose of a new school site.

The trustees considered at some length the proposals of Miss A. T. Riddell, relative to the establishment of an extension science and arts course here, and showed great interest in the plan. While expressing interest in the plan the board stated that it did not consider the time opportune for the carrying out of the proposals suggested. Miss Riddell will be informed that the board will keep the matter in sight for consideration later.

The board received with regret the resignation of Dr. E. B. Paul, principal of Victoria College, whose retirement for reasons of health has created a vacancy that will be difficult to fill so acceptably.

ST. PAUL'S CHOIR CONCERT TO-NIGHT AT REX THEATRE

Master George Tate, winner of the silver medal Violin (Junior) Competition at the Victoria Music Festival last week, will take part in the concert to be given under the auspices of St. Paul's Naval and Garrison Choir at the Rex Theatre, Esquimalt, Wednesday night.

The programme will consist of songs, sketches, dances conjuring and choruses. The assistance of a number of local artists has been secured, including Mrs. P. Edmund Corby and Miss E. Pottinger and Messrs. Rowley and Hallett who will take part in sketches. Misses V. Colbert and D. Buchanan, and L. Conyers, S.P.T. White and H. Craven will give songs. F. Merryfield will give conjuring exhibitions, Miss Jean

Violent Headaches UNTIL SHE FOUND "FRUIT-A-TIVES"

Once again a former sufferer, grateful for relief given by "Fruit-a-tives," returns heart-felt thanks:

MRS. MICHAEL COULLS.

"I used to feel tired out and run-down, and periodically had severe headaches," writes Mrs. Michael Coulls, Killaloe Station, Ontario. "After using 'Fruit-a-tives' the headaches and tired-out feeling soon disappeared, and for two years now I have been in the best of health."

For over 20 years "Fruit-a-tives" has been a positive boon to thousands of Canadians visited with headaches, listlessness, rheumatism, constipation and kindred ills due to failure of the kidneys, stomach, bowels or liver to act properly.

"Fruit-a-tives" is so universally successful because it is a natural medicine—made from the intensified juices of fresh fruits combined with tonics. Let it help you, too. Buy a box, to-day, 25c and 50c, everywhere. (Adv.)

McLean dances and the ladies of the choir will take part in choruses. The entertainment will commence promptly at 8.15.

THE LABEL IS RED AND WHITE

Carnation Quality is Protected at the Source

NO process in the world can make good milk out of milk which is poor to start with.

So Carnation's milk supply is protected at the source—the farms. Carnation quality begins with the cow.

The Carnation Milk Farms are operated solely to improve the Holstein breed and enable dairy farms to produce more better milk.

The Carnation Field Force spends its entire time selecting the farms from which we obtain milk and inspecting them regularly.

These great investments of time and money aim only at one result—to keep Carnation the world's first choice in evaporated milk—double-rich, full-cream flavored, pure.

Order Carnation Milk from your grocer—several tins or a case of 48 tins.

Send for a free copy of Mary Blake's Cook Book. Address Carnation Milk Products Company Limited, 134 Abbott St., Vancouver, B.C.

CARNATION CREAMED SAUCE (for Creamed Vegetables)—Two tablespoons flour, 2 tablespoons butter, 1 teaspoon salt, 1 cup Carnation Milk diluted with 1 cup water or meat stock, few grains pepper. Melt butter in the top part of a double boiler; add the salt, pepper, and flour and mix thoroughly. Do not let four brown. Add the diluted milk and stir constantly until smooth and thick. Place over a pan of hot water and continue cooking for ten minutes, stirring occasionally. This makes 1 3/4 cups of cream sauce.

It looks creamy It tastes creamy

Canadian Soccer Team Assembling For Tour To N.Z.

Players Will be on Coast For Three Games Next Week; Sail Next Wednesday

J. Adam Will Have Eighteen Players Under His Wing; Away Until August

Jimmy Adam is packing his grips, trunks and bank book in preparation for his start next Wednesday on his second personally-conducted tour of footballers. Alderman James set sail on the Canadian-Australian liner Niagara for Auckland, N.Z., with eighteen footballers under his wing. The players come from all parts of Canada and are going to New Zealand on an exhibition tour.

The players, who are making the trip, are now on their way across Canada, and the majority of them will be in Calgary on Saturday. The party will come direct to the coast to join the British Columbia players and get instructions from their manager. The game, scheduled between the All-Canadian side and the pick of Calgary in Cowtown on Saturday has been cancelled. The team, however, will play three exhibition games on the coast. On Monday the Canadians will meet the pick of the mainland in Vancouver, and on Tuesday will have a hard test at Nanaimo. On Wednesday the team will motor to Victoria and play a game here. A banquet will be tendered to the players at the Crystal Garden after the game here, and following this they will motor to the boat and sail away.

PERSONNEL OF TEAM

The team which is to represent Canada in the New Zealand tour will be as follows:
Stan Tait, Ladysmith, B.C., goalkeeper.
H. C. Noseworthy, Carleton Place, Ont., goalkeeper, full-back.
E. Edmunds, Nanaimo, B.C., full-back.
Francis Crawley, Toronto, Ont., centre forward.
Monaghan, Woodville, B.C., right half.
W. Brophy, Winnipeg, Man., centre half.
V. Thompson, Winnipeg, Man., inside right.
H. J. Paynter, Calgary, Alta., centre half or inside forward.
W. Moon, Lachine, Montreal, right half or back.
W. Milligan, Regina, Sask., utility man.
D. Turner, Toronto, Ont., inside right or left.
H. Pogson, Hamilton, Ont., inside or outside right.
J. Davidson, Edmonton, Alta., inside left or left half.
P. Francis, Calgary, Alta., outside left.
W. Gibson, Winnipeg, Man., centre forward, outside right or full-back.
R. L. Williams, Vancouver, B.C., right or left half.
Duncan Graham, Port Arthur, full-back.
D. Archibald, North Vancouver, B.C., centre forward.

Montreal, April 27.—Noseworthy and Macdonald, Montreal's two representatives on the All-Canadian soccer team, left on the first leg of their journey to New Zealand, when they took a train last night for Vancouver, where the team is being assembled.

The team of eighteen Canadian players, which includes representatives from all the provincial associations, will leave from Vancouver on the liner Niagara in charge of James Adam, British Columbia council member.

Mr. Adam was in charge of the Canadian team which toured Australia two years. The itinerary of the touring club includes all of the principal cities in New Zealand, and the party is due back in Canada in August.

Draw Announced For Macaulay Point Golf

Following is the draw for the second, third and fourth flights in the Macaulay Point Golf Club championship tournament, and all matches must be completed by May 1:

Capt. R. H. Fort vs. F. Barber	Starkey
A. Roberts vs. Capt. H. L. Roberts	J. Simpson vs. G. R. Florence
A. Little vs. A. G. Fulmer	
Third Flight	
V. M. Gallon vs. J. C. Chiverall	B. W. H. vs. J. T. Jones
M. H. Hurley vs. A. E. Ashe	D. A. Matthews vs. F. Hobson
Fourth Flight	
R. M. Holloway vs. W. B. Christensen	E. Dupont vs. H. P. Rutter
F. Whitford, bye	Major G. Eisman vs. W. B. McKay

LOWERS COURSE RECORD

San Francisco, April 27.—Matching the hazards and turns of the difficult San Francisco Golf Club course with one of the most brilliant golf exhibitions ever seen here, Mrs. Harry Pressler of Los Angeles easily defeated Mrs. Robert Rose, San Francisco 7-6, in the first round of the women's state championship yesterday. The Southern California state lowered the course record, already held by her, to 82.

PYLE PLANS RACE WHICH WILL BREAK ALL KNOWN RECORDS

Los Angeles, April 27.—C. C. Pyle, versatile promoter of professional sports, today announced a Los Angeles-to-New York marathon foot race, to be held in February, 1928, with a \$25,000 prize to the winner, probably as much more in nine other awards and with a world-wide entry list.

Taylor And Black May Play Against British Golfers

Coast Players Mentioned For Canadian Team To Play In Eastern Cities

Toronto, April 27.—Secretary L. Anderson of the Royal Canadian Golf Association announces that it had been definitely decided that the British Ryder Cup team, which will compete with Walter Hagen's American team for the trophy at Boston early in June, will subsequently play matches with Canadian professionals in Toronto and Montreal. The Toronto match is scheduled for June 18, and the Montreal competition June 21. The team will sail for England from Quebec on June 23.

A committee has been appointed by the R.C.G.A. to make all arrangements in connection with the Canadian matches. Every effort is being made to bring together a professional team representative of all Canada to meet the Britishers, and if this comes about it is likely that Phil Taylor of Victoria, Dave Black of Vancouver, Jimmie Rimmer of Jasper, Alta., and Eric Hamilton of Winnipeg will be included. Charlie Murray of the Royal Montreal Club has been talked of as captain of the team.

KING GEORGE SEES HIS DERBY HORSES IN GOOD WORKOUT

Newmarket, Eng., April 27.—(Canadian Press Cable)—His Majesty, the King, Prince George, her husband, Lord Lascelles, and Prince Henry, gathered at the establishment of the royal trainer, W. J. Carr, this morning to watch a trial of the King's classic candidates, St. Sylvester and Takasaka, who have engagements in the Derby, in a mile and a quarter trial. Bowood, with Jex up, finished half a length in front of Takasaka, ridden by Lawson, with St. Sylvester, ridden by H. J. Carr, in a mile and a quarter trial. Prince Mary and Lord Lascelles, who have horses of their own, have been especially interested in the progress of St. Sylvester. St. Sylvester is a gray colt by Nouvel Aun Yoland, dam of Philbert de Goevo, a grand prize winner and a Gold Cup favorite, a few years ago. In a recent half-mile trial, St. Sylvester beat the famous Derby winner, Papyrus.

Pigeon Racing

The Victoria and District Racing Pigeon Club held a race from Olympia, Wash., last Saturday, an air line of 100 miles, 177 birds competing from 10 to 12 o'clock. The results and time of arrivals were:

J. Depont's Shady	H. M. 8
Dr. Kelly's Freddie	2 47 30
St. John's Blue	3 3 40
J. Grimston's Blue	3 3 40
Knott's Rusty	3 3 50
R. Dickinson's Lady B	3 3 50
J. Bowcott's It's B	3 3 50
W. Ryan's Black Oak	3 3 50
J. R. Franklin's Black Oak	3 3 50
H. Davila's Call Boy	3 3 50

R. H. Green's Surprise	3 3 50
H. Salsbury's Surprise II	3 3 50

Edmonton Grads Beat Detroit Team Easily

Detroit, April 27.—The Edmonton Grads, world's champion basketball team, defeated Central National Girls' team of Detroit 23-15 here last night, displaying an offensive which dazzled their opponents.

Ty Cobb Makes Fans Sit Up And Marvel At Flashing Stunts

Unassisted Double Play, Steal of Home and Three Hits Among His Feats

Athletics Won When Cobb's Youth Returned; Cardinals Lose Place at Top

New York, April 27.—They are cheering Ty Cobb to-day for a feat as remarkable as he ever achieved in twenty-two years of major league baseball.

At forty-one years of age, when it seemed he must retire under the weight of years, he called forth his youthful fire and speed to win a game almost single-handed yesterday. Scooping in fly at full speed for an unassisted double play, cracking out three hits, scoring twice, stealing home—Cobb was all over the field as the Philadelphia Athletics forced into the first division by beating the Red Sox 9-8.

Trailing 7 to 1, the Georgia Peach opened up with the kind of baseball he played in the world series of 1904 and led a headlong attack while Connie Mack, who paid \$45,000 this year for Cobb, sat on the bench and sent in reinforcements. Twenty players took the field for Philadelphia, but Cobb served nine full innings and finished fresh.

COBB UP, DETROIT DOWN

When Cobb's team rose a step in the league the Detroit club with not play and St. Louis Browns, who are third, lost to the Cleveland Indians, so the advance of the Athletics was a long step toward the top.

After a brief stay at the head of the National League, the St. Louis Cardinals lost their first game in seven starts to the Pittsburgh Pirates, who went into a tie for first place with New York. Lee Meadows beat the world champions for his fourth straight victory 9-5, while the slow ball artist, Sherdel, was batted off the Cardinal mound in the third.

Terry's homer, double and sacrifice helped the Athletics to their 7 to 2 victory over the Brooklyn Robins who could not connect with the slants of Fred Fitzsimmons.

Like the Athletics the Cincinnati Reds turned defeat into victory as they put on their clubbing clothes in the sixth and hammered out six runs for an 8-5 victory over Chicago. Heavy hitting of Webb, who hit a home run for the Cubs in the ninth as a pinch-hitter, was a feature, but no one was on and it was not enough to win.

NATIONAL LEAGUE

At Brooklyn—	R. H. E.
New York.....	7 14 2
Brooklyn.....	2 8 2

COAST LEAGUE

San Francisco, April 27.—Los Angeles swamped the Missions under a 12-5 score yesterday in the opening game of this week's series. An untold thrashing put the game on ice for the Angels, seven runs from three hits and five bases on balls off the arm of San Francisco pitcher, until that inning the Missions were leading 4-8.

Los Angeles..... 12 10 2
Missions..... 5 7 1

Portland, April 28.—Portland defeated the Seattle Indians handily in the opening game here yesterday by a score of 8-4. Brett's underhand sinker deceived the Beavers so little that he was pounded for seven runs and six hits before Brandt relieved him in the second inning. R. H. E. Seattle..... 4 8 1
Portland..... 8 8 1
Batteries—Vinci, Shea, Canfield and Severeid; Hasty and Baker.

Only three games played.

IRON MAN OF BICYCLE RACING

Baseball has its Ty Cobb, Walter Johnson and Babe Ruth. Footbal has its "Red" Grange. The turf, Man o' War. But to patrons of the six-day bike-racing sport, "Reggie" McNamara is a greater hero.

Walter Johnson, starting his twentieth campaign as a major league pitcher, is a heroic figure, but to the "bike" fans, McNamara is the "iron man" of all sports.

McNamara is forty years of age and has been riding twenty-one seasons. He has never ridden as an amateur, stepping right into the pro class and making good. He has taken part in fifty-two six-day races.

Secrets of 16 Years Successful Pitching

BY GROVER ALEXANDER, USA GAMES
Veteran Pitcher of World's Champions

I will close this series with my selection of an all-star team in the National League during my career of sixteen seasons. I will deal with the players who have impressed me the most. In three positions I am unable to definitely decide upon one player, so will name two. My all-star team follows:

First Base—Hal Chase and Jake Daubert.
Second Base—Rogers Hornsby.
Third Base—Hal Traynor.
Shortstop—Honus Wagner and Dave Bancroft.
Left Field—Jimmy Sheekard.
Centre Field—Eddie Roush and Max Carey.
Right Field—Frank Schulte.
Catchers—Bill Killefer and Bob O'Farrell.
Pitchers—Christy Mathewson, Babe Adams, Mordecai Brown and Nap Rucker.

I just can't select between Chase and Daubert. Hal probably was more artistic and acrobatic than Jake, but not any more efficient.

At second base, Hornsby stands alone of all the second basemen I have seen. He is not my choice on hitting alone, for I have seen him star in fielding for many seasons.

Traynor is the third baseman without any further argument. I don't think the game has produced another third baseman who is his equal, unless this chap Lester Bell on our club comes up to him.

Honus Wagner is paired with Dave Bancroft for shortstop. Wasn't Hans a gem of a ball player? There should be more like him—more who love to play the game as he did. Bancroft, however, is not overlooked. What a phenomenal shortstop he was for us in 1915 when the Phillies won the pennant! I have never seen a shortstop get a half away quicker than Banny.

I have to go back to the old-timers for my left fielder. Jimmy Sheekard played deeper than the average left fielder because he was in a class by himself in coming in for those low line drives.

I pick Eddie Roush and Max Carey for centre field and don't attempt to split them. It is remarkable how they get the jump on a drive and make difficult catches look easy.

My favorite for right field is Frank Schulte, who was the personification of grace. He was perfect in form, from his shoes to his cap. In perfect rhythm and timing the only batter I have seen who is close to Babe Ruth is Schulte.

Bill Killefer and Bob O'Farrell are my catchers. I have been extremely fortunate in being paired with catchers like them.

I have stopped with four pitchers, but only for a couple of years. There have been other great pitchers but their spurts have been short. Rube Marquard was a great pitcher, but only for a couple of years. The Braves—Bill James, Dick Rudolph and George Tyler—earned more than favorable mention, but for pitchers over a long period Matty, Adams, Brown and Rucker stand out.

While picking a star team is merely a matter of personal opinion, I feel that I have selected a nine that would give a good account of itself in either of the major leagues. I know a lot of major league managers who would like a team made up of players of equal ability. As a matter of fact, I believe I would be willing to become a manager if I could put as strong a team into the field.

It is a club that is well fortified in every department of play, boasting a tight defence, plenty of power and superb pitching.

Reece Fails to Set New Billiards Mark

London, April 27.—By twenty-seven points Tommy Reece, professional billiard player, in his match with Arthur Paal yesterday failed to equal the official record for a "break" the mark held by T. Newman at 1,376. Reece used his self-invented "pendulum" cannon shot, a questionable shot, last night and this afternoon in running up a break of 1,343 (this in the match with Paal, which is of 1,500 points up.) Reece's run was made by skimming the balls from the top and side cushions with the object balls jammed in the jaws of the pocket ended when he failed from the top cushion. Reece later again had the balls in position for his pendulum shot and scored 546, unfinished, consisting of 273 consecutive cannons.

Paolino Now In Bad Graces And Rickard Tournament In Air

N.Y. Boxing Commission Suspend Spanish Wood-chopper For His Balking

Sharkey and Maloney Agree to Matches and Ward Off Ire of Boxing Heads

New York, April 27.—After receiving positive assurances to-day that Jack Dempsey intends to stage a comeback, Tex Rickard announced he will match the former champion for a bout with Paolino Uzcudun on or about July 1, probably at the Yankee Stadium.

Rickard said the former heavyweight champion is coming to New York to attend the banquet the Madison Square Garden Club is giving in honor of the promoter, May 16. Gene Tunney is to be at the affair.

If Dempsey can prove himself worthy, Rickard had informed him, he may meet Tunney in a title bout in September.

New York, April 27.—Difficulties besetting Tex Rickard's outdoor heavyweight programme came to a head yesterday when the New York State Athletic Commission at the request of the Massachusetts Boxing Board, suspended Paolino Uzcudun for failure to fulfill an agreement to box in Boston April 18.

Suspension of the Spanish wood-chopper came just a week after the commission ruled Jack Delaney out of a match with Paolino at the Yankee Stadium, June 22, on the ground that the light heavyweight champion should first "clean up" his own division before venturing further into the ranks of the heavyweights. The ruling acted also as a blow to Rickard's hope of matching Paolino against Jack Dempsey in the former champion's comeback effort as a substitute for the Delaney-Uzcudun bout. It was tempered, however, by the commission's tolerant attitude toward Jimmy Maloney and Jack Sharkey, who appeared before the board to explain contract difficulties, which have threatened to halt the semi-final elimination tournament match scheduled for the stadium on May 19.

FORESTALL SUSPENSION

The Boston heavyweight forestalled suspension by agreeing to carry out prior contracts with Boston and Chicago promoters, after their clash here. Maloney, who fought Tom Heeney at the earliest possible date in Boston, and Sharkey, who kept a date with Pat McCarthy, a fellow townsmen, in Chicago, K. D. A lone barrier now remains before the Sharkey-Maloney fray in the form of an injunction suit brought by Walter Taylor, Chicago promoter, to prevent the match, unless Maloney battles Johnny Risko in Cleveland.

Tex Rickard said no steps had been taken to fill the gap that now looms in the elimination tournament programme.

He expects to see representatives of Dempsey and Rickard, who was suspended last winter for scaling over weight for a match with Phil McGraw, of Detroit, Johnny Risko of Cleveland and Ace Hudkins, Nebraska, welterweight, also were returned to good standing.

Schedule of Senior Amateur Ball League

The schedule of the Victoria Senior Amateur Baseball League for the coming season is as follows:

May 7—Sons vs. Eagles.
May 7—Eagles vs. U.C.T.
May 12—U.C.T. vs. Sons.
May 12—Eagles vs. Sons.
May 19—U.C.T. vs. Eagles.
May 26—Sons vs. U.C.T.
June 2—Eagles vs. U.C.T.
June 6—U.C.T. vs. Sons.
June 9—Eagles vs. Sons.
June 13—U.C.T. vs. Eagles.
June 16—Sons vs. U.C.T.
June 20—Sons vs. Eagles.
June 23—Eagles vs. U.C.T.
June 27—U.C.T. vs. Sons.
June 30—Eagles vs. Sons.
July 4—U.C.T. vs. Eagles.
July 7—Sons vs. U.C.T.
July 11—Sons vs. Eagles.
July 14—Eagles vs. U.C.T.
July 18—U.C.T. vs. Sons.
July 21—Eagles vs. Sons.
July 25—U.C.T. vs. Eagles.
July 28—Sons vs. U.C.T.
August 1—Sons vs. Eagles.
August 4—Eagles vs. U.C.T.
August 8—U.C.T. vs. Sons.
The home team is the first mentioned in each case.

YACHTING REGATTA AT VANCOUVER FOR DIAMOND JUBILEE

Vancouver, April 27.—Commodore G. F. Gyles of Royal Vancouver Yacht Club, has notified Alderman E. W. Dean, who is in charge of aquatic sports for the diamond jubilee of Confederation, that arrangements have been completed for holding the international yachting regatta in English Bay, July 25, 26, 27, 28, 29, 30, 31, 1927. California and Victoria boats are entered for this event.

City Basketball Winners Presented With Their Prizes

Two Hundred and Fifty at Annual Presentation Dance Held Last Night

Over two hundred guests attended the annual presentation dance of the City Basketball Association held at the Alexandra ballroom last night. The function was a complete success. At 10:30 o'clock the ballroom floor was cleared and all the winning teams were formed in a line and presented with their trophies.

Art Hols, president of the association, made the presentations.

Cups presentations were as follows:

Senior "A"—Jordan "River" presented with Colinet Cup. The following players received individual cups: Art Boyd, Jack McKenzie, Arnold Henderson, Gordie Willoughby, Louie Fatt, Walker and Ledingham.

Senior "B"—Sons of England presented with David Spencer Cup. The team was composed of the following players: C. Bull, H. McCloy, G. Gandy, E. Logan, R. Parfitt, R. Thomas and H. Parfitt.

Senior "C"—City Boys presented with St. James Hotel trophy. The following players receiving cups: C. Baker, W. Hudson, C. McNeill, P. Chester, H. Lewis and R. Smith.

Intermediate "A"—Victoria College presented with the Billy Kennedy Cup, while the following players received miniature cups: R. M. Dunmore, E. Knott, R. Thomas, T. Little, G. Hume and D. Johnson.

Ladies' Senior "A"—Comets were presented with the Times Cup and the following players received smaller cups: Misses R. Robertson, C. Robertson, G. Elliott, F. Gates, P. Galt, G. M. Dunmore, E. Knott, R. Davies, E. Ayres, M. Mills and Ayres.

Y. Basso, Tommy Forbes and Tommy de Macedo were presented with tennis racquets, while Joe Ross received a cup from the association. These were given in appreciation of the services of those boys as referees.

Ozard's orchestra furnished the music for the dancing.

TRIP TO OLYMPIAD IS BAIT FOR BUILDING UP OF NEW LACROSSE ERA

So far as Canada is concerned, 1927 ought to be a very important year in the history of lacrosse. In the first place, the Dominion is celebrating the Diamond Jubilee of Confederation, and in the second place, the best team produced in the country during the coming Summer will represent Canada at the Olympic games in 1928. These two incentives ought to combine to put a fresh vitality into the national game.

It is because lacrosse has been regarded for nearly sixty years as the national Summer pastime of Canada that the observance of the jubilee possesses a special significance for lacrosse players. Just after the British-American Colonies, scattered right across the continent, came together in 1867 to form a new nation, Dr. George Heer of Montreal, a fine athlete and a great lacrosse enthusiast, suggested that lacrosse would make an appropriate national game. It was the only case on record of a game invented as well as the authorities being adopted and civilized by the white man who came into the land to possess it. Lacrosse, under numerous Indian names, belonged to the soil of the country, and it was the French—the first white Canadians—who gave it the name by which it is now called. They noticed that the stick used in the game bore a marked resemblance to the bishop's crozier.

SUITED FOR NORTHERNERS

Also it struck Dr. Heer that the vitality of lacrosse made it a game of the northern people. There is no game under the sun, so Lord Desborough and other sporting experts have pointed out, that calls for a more highly developed manhood; it requires strength and physical fitness, skill and self-control to a very high degree. All these things remain just as true of lacrosse to-day as they were sixty years ago.

Then there seems to be a possibility that the supremacy of Canada in the game in the years of the Olympic games in 1928. It has always, up to now, been taken for granted that nobody could play lacrosse well and in the West of the Dominion. Whenever there was an international contest, the Canadians always won with ease. It is more than sixty years since the game was taken up in England and Australia, but they have never been able to compete with the young men of Canada. And in recent years some of the best-known players in Canada have been coaching American college teams and teaching them all the tricks of the game.

The next Olympic games will provide the first opportunity for testing Canadian versus American players.

CHANCE FOR B.C.

British Columbia should stand a good chance of providing the lacrosse team for the Olympic games. New Westminster, for many years the home of the game in the West, has developed teams of superb calibre and this year will make a determined effort to provide the winning side. Last year a number of top players from Vancouver, Victoria, Kelowna and this year will make a determined effort to provide the winning side. Last year a number of top players from Vancouver, Victoria, Kelowna and this year will make a determined effort to provide the winning side.

Following up this success Ocean Park, which won the championship but suffered defeat at Winnipeg in the national finals, New Westminster will make an effort to field a real team this year. Vancouver and Victoria teams also take active steps to develop good players and there should be plenty of good lacrosse from one section of the country to the other.

NEWS IN BRIEF

A concert will be given by the Salvation Army to-night at 8 o'clock at the Shelbourne Street Hall.

Dr. A. F. Barten will deliver a health lecture in the New Thought Temple, 935 Pandora Avenue, this evening at 8 o'clock. The subject will be "Mind and Medicine."

The Women's Auxiliary to the Tuberculous Veterans will hold its monthly meeting on Thursday, 230 St. James Street, at 8 o'clock. The subject will be "Mind and Medicine."

A business meeting of members and intending members of the Fellowship Club will be held at the home of Mrs. M. Smith, 320 Yates Street, on Friday at 3 o'clock.

Mary Marshall, an Indian, was charged before Magistrate Jay in the city police court today with the theft of \$20 from an unnamed person. She was remanded until tomorrow.

Clifford Deaville was fined \$5 in the city police court this morning for failing to produce a driver's licence on demand of an officer and A. C. Watts-Jones paid \$1 for parking his automobile longer than one hour.

J. J. Maloney announces that in addition to his lecture at King's Hall on the Mexican situation Friday night he will speak on the same subject on Saturday night at the same hall. He has been asked to moderate for Friday having been already taken up.

Smith Wigglesworth, who will speak on Friday, and three times on Sunday in Victory Temple comes, direct from Australia. He has a reputation as a powerful speaker and to Victoria should attract large congregations.

Presbyterian Sunday School teachers and officers are meeting in St. Andrew's Church on Friday evening next at 8 o'clock, when the committee appointed to consider the feasibility of holding a Summer camp will present its report.

"Forest Fire Loss" is the vitally important topic which William McKinnon, managing director of the Timber Industries Council, will speak upon at the meeting of the Rotary Club on Thursday, at the Empress Hotel.

A meeting of the Native Daughters of B.C. Post No. 3 will be held in the Victoria Club, Campbell Building, to-night at 8 o'clock. The officers for the coming year will be installed. The attendance of members is hoped for.

A fine specimen of the products of the rabbit fur industry was presented to the Kiwanis Club at Monday night's meeting. Miss Helen Mackenzie, niece of His Honor the Lieutenant-Governor, by Miss Joe Boucher, during the formal opening of the Home Products Exhibition Monday night.

In response to a request from the Kiwanis Club at Lindsay, Cal., the Kiwanis Club will broadcast a program to-morrow at 12.10 noon over C.P.C.T. The Kiwanis Orchestra will give selections. B. C. Nicholas will give an address and Frank Parker will sing.

In support of a lively demonstration by the City at the Home Products Exhibition, showing the common errors made by housewives in the use and abuse of electrical fittings, S. L. Wilson, City Wiring Inspector, will be the radio speaker over C.P.C.T. at 7.30 p.m., Thursday, on the city's program of weekly broadcasts. Mr. Wilson says he will deal with "Shocking Revelations."

Considerable damage was done at the home of Mrs. Dorothy Richards, 1501 Beach Drive, when fire broke out there at 3.15 o'clock this morning. Fire apparatus was called to the scene of the blaze, subduing it before it had got sufficient hold to consume the house, but not before it had reached alarming proportions. The cause of the fire was traced to the use of a gas stove. The fire broke out in the kitchen, and spread to the living room, where it was extinguished by the fire department.

As a result of Mrs. Cassidy's activities selling flowers the following donations have been made to the Children's Aid and the Salvation Army. The children's aid received a dozen eggs and a gallon of ice cream to the institution, to the Salvation Army, five dozen buns and five dozen to Friendly Help; thirteen dozen buns to various deserving cases; \$5 to the V.O.N. and \$1 to the W.B.A. besides which candles and kowpels were sent to the Orphanage at Easter. Mrs. Cassidy is now selling flowers for the purpose of supplying eggs to the Orphanage, a commodity which is always greatly in demand, and whereas at this time last year the price of eggs was \$1.00 a dozen, so far this year the supply has not been adequate. Mrs. Cassidy will therefore assist to this end, and desires to express her thanks to all who have assisted her by buying the flowers to help these deserving institutions.

Metchosin

Metchosin, April 27.—The regular meeting of the Metchosin Women's Institute will be held at the hall on Wednesday, May 4, at 2.30 p.m., when in addition to routine and general business, Mrs. H. M. Bolton will speak on local neighborhood needs. The address will be followed by an open discussion and suggestions will be welcomed from members and any visitors. After the tea will be served. The Institute librarian announces that a full new library has arrived and will be glad if all those who have books out now will bring them in as soon as possible so that the old library may be checked up and returned.

A silver tea and sale of plants will take place at the home of Miss Milne of Meadowbank, Kangaroo Road, under the auspices of the Metchosin branch of the W.A., from 3 o'clock to 6 o'clock, on Saturday afternoon, April 29. An archery competition has been arranged. R. D. Young will have charge of it, for which prizes will be awarded. The proceeds of the afternoon's event will be given towards paying the taxes on the St. Mary's vicarage. For the convenience of those residents and visitors who are without transportation means, J. M. Milne will convey anyone from the railway crossing at the corner of Metchosin and Kangaroo Roads, to Meadowbank.

YOUNG IN-LANDER CONSIDERED SUICIDE

Old Sealing Captain Finds Dying Boy With Wound in Head

Nels Anderson, twenty-year-old Finn, died as a result of a self-inflicted rifle wound, according to the coroner's jury which sat this morning at St. Joseph's Hospital to consider the circumstances surrounding the death.

Found with a wound in the right side of his head on Monday morning, Anderson died at about 4 o'clock the same afternoon at St. Joseph's Hospital.

Chief of Police Acreman of Esquimalt told of having been summoned by Capt. Victor Jacobsen, a veteran sealing skipper and a famous figure of Victoria's waterfront, to the latter's home on the old riverside "Distributor." On this vessel which is high and dry on the mud flats of West Bay, young Anderson had made a temporary home with the Jacobsen family.

Capt. Jacobsen, on finding the boy, grievously wounded in his head, informed the police immediately.

There was no note of explanation left by the dead man nor was there any intimation given at any time that he was particularly despondent. He suddenly, according to Chief Acreman, **SENT HIM BACK**.

Anderson said witness had made several attempts to reach the United States, but each time had been turned back by the United States authorities. It was the theory of the police and of Capt. Jacobsen, that Jacobsen, by each time had been turned back by the United States authorities.

JUNIOR CHAMBER RECRUITING FAST

One Hundredth Member Welcomed Last Night at Directors' Meeting

Will Attend Home Products Exhibition in a Body on Thursday

The Junior Chamber of Commerce welcomed its hundredth member last night, at a joint meeting of the directors and committee chairman. Applications received from J. V. McInnes, R. N. Collison and A. W. McIntyre brought the new group up to century strength. As a public expression of their faith in the Home Products movement, and in complete support of the exhibition, the Junior Chamber members will attend the exhibition in a body on Thursday.

UNITED W.M.S. SHOW FINANCES GOOD

Givings of Presbyterian For Year \$700 More Than Three Churches Last Year

That the givings of the United Church W.M.S. in the Victoria Presbyterian had reached \$7,000 last year, or \$700 more than was contributed by the joint Presbyterian, Methodist and Congregational W.M.S. for the previous year, was the satisfactory statement made at this morning's session of the annual meeting of the Presbyterian.

Mrs. J. P. Westman, in her address, expressed her thanks to all vice-presidents and auxiliary presidents who had so loyally helped to make the first year of united effort such a success. She made reference to the visit of Miss Eliza McGregor, whose influence and fine personality, coupled with a very thorough knowledge of the field, had given invaluable inspiration to the work in this city.

Mrs. Westman received the heartfelt thanks of the Presbyterian for her splendid work during her term of office.

The Wilkinson Road Auxiliary led the devotional services with which the session opened, emphasizing the need of sympathy and prayers for China. The Conference branch and greetings, Mrs. W. G. Wilson moved, and Mrs. Saubey seconded, passed a vote of sympathy to Mrs. Sippell and Mrs. J. H. Hargreaves, who were unable to attend the meeting.

The delegates' reports showed that all but four of the auxiliaries had met or surpassed their allocations, the amount received and sent to the Conference branch for the year being \$7,555.60.

Mrs. W. H. Gee, Mrs. P. McNaughton, Mrs. Read, Mrs. Graham, Mrs. Howard, Mrs. McKillop, and Miss Armstrong were appointed to the nominating committee. It was decided that this should remain a standing committee with power to fill any vacancies occurring during the year and to nominate for the ensuing year. The personnel of the resolutions committee included Mrs. P. McNaughton, Mrs. Henderson, Mrs. Graham, Mrs. Saubey and Mrs. Laing.

Orthophonic Victrola

(The Victrola that changes its own records!)

Fletcher Bros. (VICTORIA) LIMITED

1110 Douglas Street

stream school float will join the Langford one at 1 o'clock at the school, the Albert Head children joining at the Station Corner, then all proceeding along the Island Highway to Goucher's Corner, where the band and Colwood and Laxton floats will assemble and all proceed to the Colwood Hall.

Langford, April 26.—There was a good attendance of members and six visitors at the Women's Institute monthly meeting held yesterday.

Mrs. J. L. Brown, president, was also official delegate and Mrs. E. H. Phipps and Miss L. Savory accredited delegates to the Provincial conference at Chilliwack on May 13, 19 and 20. It was decided to hold a baby show for children of two years and under, at the August Flower Show.

Mrs. L. A. O'Neill, institute convener of the health pageant to be held at Colwood on Saturday, April 30, reported the arrangements made for the pageant.

Mrs. R. E. Nimmo of Saanich gave a practical demonstration on icing cakes. She was heartily thanked on behalf of the members by the president, Mrs. J. L. Brown.

The hockey club gave its annual dance at the Central on Friday evening, May 26. A party of twelve came over from Cowichan for the dance. Mr. and Mrs. Eaton's orchestra furnished the music.

Mr. H. Shade and daughter Betty of Victoria spent Easter week with Mr. Steve Carter.

Mr. and Mrs. William Young and family are moving to Pender Island.

Mr. Young and Mrs. Jessie Bond have moved their logging camp, etc., over there, and expect to get out a number of logs from Hope Bay.

The Women's Institute gave another joy dance of mixed dances, old-fashioned ones and the popular one-step, square dances and the like. The square dances were given by the Fulford orchestra furnished music.

Mrs. C. Forbes Roberts and daughter have gone to Nanaimo to join Mr. Roberts.

A party of about twenty young people enjoyed a party given by Billy Mount

FINANCIAL — STOCKS — GRAIN — BONDS — MARKETS

Wall Street TO-DAY

Last Minute News on Stocks and Financial Affairs

New York, April 27 (By R. P. Clark & Co.)—Some active covering early promoted a rally, but when this demand had been satisfied the market turned reactionary with the low levels in the late afternoon. While Baldwin and General Motors were prominent in the early advance and the rails reported for March, such as the Atchafalaya and B. & O. documents, the oil section reflected more liquidation, which started reflecting in the general list.

The market showed little change. A good increase was reported in the steel shares, showing a tendency to ease off following the quarterly earnings which were still being conducted at favorable opportunities. Also, the iron age report indicated quite a drop in April from the March sales.

The steady liquidation in the oil shares and the creation of some new low priced levels is having an unsettling effect on sentiment. Many issues that have enjoyed substantial price advances seem to be meeting more resistance on advances. We believe this suggests rather strongly that distribution is still being conducted at favorable opportunities.

An extension of set back in prices will probably be engineered.

New York, April 27 (By R. P. Clark & Co.)—The Wall Street Journal's stock market edition this afternoon says: Renewed attention called by leading oil authorities to the seriousness of the over-production situation in that industry caused a further break in petroleum shares to-day.

New lows for the year were reached by Standard Oil of New Jersey, Maryland, Phillips General Asphalt and Standard of California under a flood of selling which became increasingly urgent in the afternoon. Before the weakness of this class became acute, the general list gave a good account of itself and further substantial progress was made on the recovery, which started the previous day.

Sharp advance took place in General Motors, General Electric, Baldwin, Mack Trucks and other standard industrials.

Although the whole market turned reactionary during the last hour the leaders received good support on price reactions due to the confidence created by the continuance of money conditions which strengthened the belief entertained in important banking circles that sooner or later the Federal Reserve Bank of New York would follow the example of the Bank of England in lowering its discount rate.

Bullish enthusiasm was revived by the market's decision to recover Monday's loss, and operations for the first hour with all the aggressive sweeping which marked last week's advance.

General Motors continued to reflect influential buying, based on the expectation of a substantial extra dividend at the May 13 meeting. At 15 1/2 the stock was up more than five points from the low point of the recent reaction. In view of its production record for April and the outlook for the next two months, it would not be surprising if General Motors earned as much as \$7.50 a share for the common stock in the June quarter. This would bring the balance for the first six months to \$13.50 a share, a showing which would amply justify generous distributions.

Unsettling was created in the early afternoon by renewed decline in the oil, led by General Asphalt, which broke on its earnings statement for the first quarter, which showed a loss of \$99,259, against a loss of \$170,574 in the same period last year.

After-Easter and Month-end Adjustment of Stocks an Outstanding Bargain Event for Last Three Days of April

Men's Tweed Suits

Each With Two Pairs of Pants
Two Great Bargains for

\$14.95 and \$19.75

At these two prices the Suits are the greatest bargains of the season.

Wool Tweed Suits in new single and double-breasted models from which the young man or conservative dresser may select their ideal style. The tailoring is well done, and shades include fancy or plain stripes or herringbones—the cloth of a texture that insures the suits retaining their shapeliness after months of wear, and the extra pair of pants makes them double value, **\$14.95** and **\$19.75**
—Men's Clothing, Main Floor

MEN'S SUITS

Of Tweeds and Rough Blue Serges

\$10.00

Suits of good grade tweeds and rough blue serges. Neat single-breasted models that are well tailored. The tweeds dark and medium shades and all well trimmed. Suitable for business or general wear; sizes 35 to 42. On sale for **\$10.00**
—Men's Clothing, Main Floor

Men's Pants

Former Harbor Commissioners Are Honored

Vancouver, April 27.—Col. G. H. Kirkpatrick and S. L. Prenter, former harbor commissioners, were Tuesday presented with mahogany tables by the Harbor Board staff, as friendly mementos of their several years' association together. Kenneth J. Burns, port manager, made the presentation in behalf of the staff. The tables bore sterling silver presentation tablets suitably inscribed with the good wishes of the donors. At the same time another important member of the organization who is leaving to be married, Miss Ruth Skinner, the telephone operator, was presented by her fellow employees with a set of tableware and by the commissioners with a mahogany tea table.

The lowest or any tender not necessarily accepted.

E. S. MITCHELL,
Purchasing Agent,
City Hall, Victoria, B.C., April 14, 1927.

WATER NOTICE

Take notice that Mark Goss of 1804 48th Avenue East, Municipality of South Vancouver, Province of British Columbia, intends to apply to the office of the Water Recorder, Victoria, B.C., for a water license to divert and use water for domestic and industrial purposes from Soot-van Creek, which flows into Deep Inlet, Kyoquot Sound, on the West Coast of Vancouver Island, in the Province of British Columbia. The quantity of water applied for is 25,000 gallons per day, less per day. The proposed point of diversion is on Lot 1293 on Soot-van Creek, approximately 1,000 feet from the mouth of Soot-van Creek. The dam will be constructed across the said stream in order to create the necessary storage, and the said dam will be situated approximately 1,000 feet from the mouth of Soot-van Creek. The capacity of the reservoir to be so created will be sufficient to supply 25,000 gallons per day. A copy of this notice has been filed, and an application pursuant thereto, and to the Water Act, 1917, will be filed in the office of the Water Recorder at Victoria, B.C. Objections to the application may be made within 15 days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is the 20th day of April, A.D. 1927.

Per S. ROBERTS, His Agent.

Painted Furniture

The success of painting furniture depends on removing the old finish before applying the new and letting the first coat thoroughly dry before putting on the second.

Cane Seats

If the cane bottoms of chairs sag, turn chairs upside down and lay wet cloth over cane. This will shrink cane into place again.

Sect. 12, R. 6, Cowichan District; thence southerly following the line to point of commencement, and containing twenty (20) acres, more or less.

GENOA BAY LUMBER CO. LIMITED,
Applicants.
Per J. O. CAMERON, Agent.

SCIENCE HAS HOST OF REMEDIES FOR DISEASE OF SKIN

By DR. MORRIS FISHBEIN

There are still persons who believe that every disease of the skin can be successfully treated with a salve, ointment, or a powder.

This belief and the advertisements of nostrums for the treatment of skin diseases are a reflection of the actual knowledge of such conditions held even by the medical profession a quarter of a century ago.

To-day the methods of treatment of skin diseases include practically every form of apparatus, every method of medical administration known to medical science. This advance is a reflection of the application of knowledge in physics, chemistry, biology and bacteriology to medicine, and of a more thorough comprehension of the fact that the skin is not merely a protective covering of the body but an organ whose condition reflects that of the other tissues and influences them definitely.

Perhaps the greatest advance has been the X-ray and the knowledge that application of its rays would affect not only tumors, whose cause is unknown, but also inflammations and degenerations of the skin produced by parasitic organisms. Not only the rays of the X-ray tube, but also those of radium, of the sun and of the ultraviolet lamp are known to have definite effects on the skin.

Radium is used for destroying cancer of the skin, moles of the face, birth marks, moles and similar unsightly excrescences. As Dr. Fred Wise indicated at a recent meeting of dermatologists, "disease of the skin, the physician is no longer limited to any single form of treatment, but may attack such growths with any of the destructive rays that have been mentioned; he may freeze them with carbon dioxide snow; he may remove them surgically with the knife; he may dry them by passing an electric current through them, or cut them with a needle whose cutting power depends on vibrations produced by electric waves.

In attacking certain parasitic diseases of the skin, the specialist reaches through the blood, by injecting combinations of dyes and metallic elements or specific drugs which produce the immediate death of the parasitic organisms when they come in contact with them.

There still remain infections and diseases of the skin which are not easily amenable to treatment. Pemphigus, in which there are tremendous wheals, blisters and similar eruptions, is not known to yield easily to any form of treatment, although it may be benefited on occasion by the use of drugs such as arsenic and quinine.

Generalized changes of the nature of the skin resulting from disturbances of the nervous system and of the glands sometimes resist every form of medical attack.

TAKE A LOOK AT THIS PROPERTY

HUNDRED CITIZENS TO RUN CELEBRATION

Managing Executive For Diamond Jubilee to be Selected Monday Night

Will be Known as Greater Victoria Diamond Jubilee Celebration Committee

A committee, composed approximately of 150 prominent citizens of Victoria, has been appointed to handle the Diamond Jubilee celebration to be held in Victoria on July 1.

At a public meeting held last night the list of names presented by the nomination committee was adopted and from this number a strong permanent executive will be chosen. Reginald Hayward, M.P.P., acted as chairman at last night's meeting held in the Sons of Canada Hall, View Street.

Very little actual business regarding the programme for the celebration, to mark the Diamond Jubilee of Confederation was carried out. A nominating committee was appointed to appoint a chairman, but on a resolution passed the matter of securing candidates for the executive offices was left in the hands of the nominating committee under the chairmanship of Reg. Hayward, M.P.P. This committee will secure the names of all those members of the large committee who are willing to stand for election on the executive. The executive will be composed of a chairman, vice-chairman, secretary, treasurer and a committee of seven, three of whom are to be ladies. On the committee there will be also one representative of the City Council, and one representative of the Provincial Government.

Acting upon a suggestion made by the chairman the meeting passed a motion that the celebration committee be officially known as the Greater Victoria Diamond Jubilee Celebration Committee.

During the meeting the chairman read a letter from the City Council stating that the entertainment committee of that body had been instructed to lend their fullest co-operation towards making the forthcoming celebration a successful one. Mr. Justice Martin presented the chairman with the outline of a historic pageant in seven episodes.

The meeting was adjourned until 8 o'clock on Monday night when the committee will gather again at the Sons of Canada Hall.

VICTORIA STUDENT WINS HIGH HONOR

Leslie Howlett Appointed Research Assistant at Toronto University

Another Victoria student has won signal honors in the academic world in the award of an important fellowship to Leslie E. Howlett, son of Mr. and Mrs. E. W. Howlett of Armstrong Street, who has been appointed research assistant to Dr. J. C. McLennan, F.R.S., head of the department of physics at the University of Toronto. He will take up research work in spectroscopy in the Fall.

Mr. Howlett is at present attending the University of British Columbia where he will graduate this year in Arts and Science with the degree of Bachelor. A brilliant young student, he passed into the Victoria High School in 1917, matriculating in 1920.

In that year he entered the Victoria College of Arts and as head of his first year won the Kiwanis Club scholarship, continuing his second year at the College. He left in September, 1922, and entered the Normal School, leaving to enter the University in September 1925. His popularity among the students of the U.B.C. is shown by his election to the presidency of the Letters Club of the University and to the vice-presidency of its Players Club.

MISSISSIPPI FLOODS—This remarkable picture of the flooded city of Trumann, Ark., shows a modern town transformed into an ancient Venice by the waters swollen from their banks. The only dry spot of land in the city limits is shown in the circle (upper left), where there is a railroad grade crossing. Hundreds of refugees from the surrounding inundated territory have rushed to Trumann and added to the confusion. Business was suspended almost entirely and boats were selling and renting at a premium. The houses show the depth of the flood, scores of people being marooned on the second floors of their homes.

CHAMBER DIRECTORS ELECTED FOR 1927

Eleven Appointed on Counting of Final Ballot For Chamber of Commerce Executive

Directors to Choose Own President, Vice-President and Treasurer

Alphabetically arranged the new board of directors of the Chamber of Commerce, announced at the close of the balloting last night, is as follows: J. L. Beckwith, J. O. Cameron, W. M. Graham, S. J. Hall, Reginald Hayward, H. C. Holmes, George McGregor, E. W. McMullen, H. C. Nicholas, C. P. W. Schwengers and A. J. Watson.

S. J. Hall and Reginald Hayward were appointed to the one-year vacancies, the remaining members of the directorate sitting for two years.

The election committee which concluded its work last night was as follows: H. Hewlett, chairman; A. P. Chapman, J. V. Johnson, A. V. King, A. L. Walker, F. M. Reddy, G. H. Sedger, Gordon Ellis and H. W. Brown.

The directors will choose a president, vice-president and treasurer at the next directors meeting, to be held Friday.

DISTRICT ORATORICAL CONTEST SATURDAY

James Gibson of Victoria to Compete With Three Other Students

The Vancouver Island district contest, the second stage in the Dominion-wide oratorical contest, will be held on Saturday evening of this week when the public will have an opportunity of hearing four aspirants for the national honor deliver a ten-minute oration on the subject, "Canada's progress since Confederation."

The contestants will include James Gibson of Victoria; Archie Dick, Cumberland; John Guthrie, Cassidy; and Algoma Ironides of Nanaimo, all of whom are the winners in their respective school contests.

The judges of Saturday's contest will be Rev. Dr. W. G. Wilson, Major Bullock-Webster, of the B.C. Dragoon School, and Albert Sullivan, Provincial Inspector of High Schools. The place of the contest will be announced later, the hour to be at 8 o'clock.

Time after time the operation was performed with unfailing success, until the last record had been played, removed from the turntable and deposited in the felt-lined receiving drawer. Then the turntable stopped automatically. The instrument was ready for another selection of twelve records, and another hour of music without attention from the operator.

CROWDS MARVEL AT NEW ORTHOPHONIC

Play Lovers Hear Machine Play Automatically For Hour

Before a group of prominent music lovers, educators and music critics, an automatic talking machine which changes its own records and permits of an hour of music without touching the instrument, was demonstrated here for the first time yesterday. The instrument, which is the latest development in the field musical reproduction, was invented by engineers of the Victor Talking Machine Company after two years of intensive experiment.

The demonstration was conducted at both Fletcher Bros. and David Spencer's Limited, His Master's Voice dealers, who announced it as the fourth revolutionary development of the Victor Company since the fall of 1925.

The moment the instrument was opened and placed in operation, its simplicity and ease of operation were impressed upon the audience. A dozen records were placed in the magazine, which is suspended at an angle above the turntable of the instrument. At a turn of the switch controlling the electric current supply, the turntable began to revolve. The mechanical "hand" picked the first record from the twelve in the magazine and placed it gently upon the revolving turntable. The tone arm swung into playing position, and the needle was lowered to the record.

With unerring accuracy. And all of these operations were performed silently, surely, and with an exactness that no amount of skill by the human hand could quite duplicate. Immediately after the needle touched the record the music began. The record was played to the end, and the needle slid over into the eccentric groove of the record. The sound box was lifted by the remarkable mechanism and moved to one side. Again the mechanical "hand" smoothly and silently into operation, removed the record that had been completed, and deposited it quietly in a felt-lined case just below the magazine. The "hand" then continued to the next magazine, picked off the second record, deposited it on the still revolving turntable the tone arm returning to playing position and the music resumed.

Time after time the operation was performed with unfailing success, until the last record had been played, removed from the turntable and deposited in the felt-lined receiving drawer. Then the turntable stopped automatically. The instrument was ready for another selection of twelve records, and another hour of music without attention from the operator.

The demonstrators called attention particularly to the simplicity of design, which requires no experience in operation. The series of gears and cams are completely enclosed, as is

the electric motor which operates them. It is practically trouble-proof as laboratory tests have proven. The instrument will be demonstrated to the public daily at the stores of His Master's Voice dealers.

ROTARIANS REPORT MEMBERSHIP GROWS

Installation Ceremony Will Take Place May 5

Officers of the Rotary Club for the ensuing year are announced in this week's Rotarian bulletin. J. H. Fletcher is the new club president, succeeding E. D. Tomlin. A. V. Clarke and W. P. Marchant are vice-presidents, and H. J. Pendray is the secretary. The sergeant-at-arms is J. P. Watson. Herbert Anscomb, F. I. Doherty and D. W. Evans are the remaining members of the directorate.

The Rotary Club's membership is showing signs of increasing with the beginning of the club year. Already new applications for membership have been coming in with fair regularity. William P. Einfeld and William B. Wilson both have been approved by the membership committee. Charles H. Ireland has just completed membership.

The ceremonies of installation of officers will take place on May 5. The ladies of the club may be invited to attend and a dance will follow. Announcement in this connection will be made at the luncheon on Thursday at the Empress Hotel.

CENTENNIAL HOLDS NATIONAL DISPLAY

Moving Pictures of Canada and India Shown at Church Demonstration

The national display and church demonstration presented in Centennial Church this week is an attractive one. To-night moving pictures of Canada will be shown and these will be followed by pictures of India.

Thursday afternoon and evening will be given over to a display of progress in many lines during the sixty years. Maps new and old will be shown, history told by picture and story. Afternoon tea, cafeteria supper to accommodate those who wish to study all the charts and models. Rev. Hugh Dobson, D.D., will have an exhibit that will take hours to study. It will deal with child welfare, the question of the feeble minded in the Province and the effect of alcohol. This exhibit is an education in itself and should be studied by all. Dr. Dobson will also speak on Thursday evening on the place of the church in the life of a nation. F. Kermode will also speak on bird and animal life in British Columbia.

Booths are prepared showing the features of the various sections of the country. The gymnasium is all fitted up in such manner as to be an educational attraction. The young people will present the lighter side for attraction during the spare hours. In connection with the whole affair the ladies will conduct a sale of work and home cooking sale. Friday evening will be reserved for the young people in athletic events.

For to Produce Six-cylinder Car, Official Announces

High officials of the Ford Motor Company, headed by Bruce R. Muir, general sales manager from Ford, Ont., arrived in Victoria yesterday to discuss with local Ford officials general business expansion plans. Features of the new National Motor building on Yates Street, and the new model car which is to be brought out.

The present four-cylinder Ford model will be continued with late improvements, but Ford, it is expected, will also produce a six-cylinder car to sell at about \$1,000, Mr. Muir announced.

ELABORATE PLANS FOR CELEBRATION

Historic Meeting of Capt. G. Vancouver and Capt. R. Gray to be Commemorated

Elaborate plans have been made for the celebration to commemorate the one hundred and thirty-fifth anniversary of the arrival of Capt. George Vancouver in Puget Sound.

Yesterday the Victoria Chamber of Commerce received copies of letters received by J. W. Spangler, President of the Seattle Chamber of Commerce, from Dwight P. Davis, United States Secretary of War, Curtis W. Wilbur, United States Secretary of the Navy, and J. W. O'Leary, President of the Chamber of Commerce of the United States.

These three officials all extend their congratulations to the Seattle Chamber of Commerce for their efforts to commemorate the historic meeting of Capt. George Vancouver and Capt. Robert Gray in Puget Sound 135 years ago.

At Victoria an international dance will be held at the Empress Hotel on April 29 while on April 30 a big bonfire will blaze at Beacon Hill. On April 29 a banquet will be held in Seattle to commemorate the anniversary.

The Sequim Commercial Club, Washington, have arranged to build a big bonfire at the Duwamish Beach on the evening of April 30. This fire will be plainly visible from Victoria. The U.S. Club has written to the Victoria Chamber of Commerce suggesting that the two large beacon fires be lighted at the same hour.

CHAMPION ROTARIAN

Louis Hirsch, hardware dealer of Madison, has bettered the record of never missing a Rotary meeting in nine years set by M. J. Carroll of Kokomo. "Louie" (above) hasn't missed a meeting in Madison in fourteen years.

Year 4. Report for Week No. 25, Ending April 24, 1927.

to Produce

Six-cylinder Car,

Official Announces

High officials of the Ford Motor Company, headed by Bryce R. Munn, general sales manager from Ford, arrived in Victoria yesterday to discuss with local Ford officials general business expansion plans. Munn, who is also in charge of the building on Yates Street, and the new model car which is to be brought out.

The present four-cylinder Ford will be continued with late improvements, but Ford, it is expected, will also produce a six-cylinder model.

*Leading pen. Week's production 76.06 per cent.

LOOK! THE Goodrich Dealer Can Save You Money!

"If a motorist could spend one day with me," says one dealer, "seeing all makes of tires in all sorts of conditions—seeing what they're made of and how—he'd know and appreciate why I sell Silvertowns."

"He'd see that Silvertowns are real tires through and through. He'd understand why Silvertowns have won their reputation for dependability and long mileage."

"Silvertowns stand the gaff, they give the mileage, they pay their way—and they cost no more. I stake my reputation as a tire man of a good many year's experience on Silvertowns."

And remember—the same money buys Silvertowns

To Give Illustrated Lecture on Etching And Etcher's Art

"Etching and the Etcher's Art" will be the subject of the third and final feature of the season under the auspices of the Island Arts and Crafts Society on Thursday evening, April 28, at 8.15 in the New Thought Temple. Charles H. Scott, director of the Vancouver School of Applied Art, will be the speaker, and will illustrate his lecture by means of some original etchings and with some photo slides of etchings by the great masters of this art. Mr. Scott has acted as judge for the art section of the Agricultural Fair and as an instructor at the Summer school for teachers.

The public is cordially invited to attend this lecture and the committee in charge extends a welcome to all lover and students of art in the city and district. Admission is free.
